Model_MARKE	Audi

### Product Description:

As the best brand of brake pads on the market, Audi ensures that this brake pad set is made using the best ceramic brake pads. This ensures that your vehicle's braking system is operating at peak performance, allowing you to stop safely and quickly when needed.

It's important to note that this brake pad set is not compatible with Audi S4 or S5 models. However, if your Audi is not an S4 or S5 model, this is the best type of brake pads you can get for your vehicle. Made with the highest quality materials and designed to meet Audi's strict standards, this brake pad set is sure to exceed your expectations.

As a bonus, this brake pad set comes with a 1-year warranty to ensure that you are completely satisfied with your purchase.

### Applications:

The Herito Brake Pad Set comes with 4 pads, enough to replace both the front and rear brakes. This makes it easy to get everything you need in a single package, saving you time and money.

When it comes to brake pads, you want to make sure you are getting the best. That's why the Herito Brake Pad Set features ceramic construction, which provides better heat dissipation and longer life compared to other materials.

Whether you are driving in stop-and-go traffic or on the open road, the Herito Brake Pad Set will provide consistent and reliable performance. Plus, with a 1-year warranty, you can have peace of mind knowing that your investment is protected.

The Herito Brake Pad Set is designed for use in the front and rear positions, making it a versatile choice for a variety of driving scenarios. So whether you are commuting to work or hitting the highway for a road trip, these brake pads will get the job done. If you require a brake pad replacement for your Audi A4, A5, or Q5, look no further than the Herito Brake Pad Set. With its superior ceramic construction, easy installation, and reliable performance, it's the best brake pad option on the market. Don't settle for anything less than the best – choose Herito for your next brake pad replacement.

### Support and Services:

The Audi Brake Pad Set is a high-quality product designed to provide reliable and efficient performance for your vehicle. We offer comprehensive technical support and services to ensure that you get the most out of your brake pad set.

Our team of experts is available to answer any questions you may have about installation, maintenance, or troubleshooting. We provide detailed instructions and videos to help you with the installation process and ensure that your brake pad set is properly installed.

In addition to technical support, we also offer services such as brake pad replacement and inspection. Our skilled technicians use the latest tools and equipment to diagnose and fix any issues with your brake system, ensuring that your vehicle is safe and reliable on the road.

At Audi, we are committed to providing our customers with the highest level of quality and service. If you have any questions or concerns about your Audi Brake Pad Set, please do not hesitate to contact us.

### FAQ:

A: The brand name of this brake pad set is Herito.

2. Q: Will this brake pad set fit my Audi model?

A: Yes, this brake pad set is specifically designed to fit Audi models. However, it is important to check the compatibility with your specific model before purchasing.

3. Q: Are the brake pads made of ceramic or metallic material?

A: The brake pads in this set are made of high-quality ceramic material, which provides excellent stopping power and durability.

4. Q: How many brake pads are included in this set?

A: This brake pad set includes four brake pads, which are enough to replace the pads on two wheels of your Audi.

5. Q: What is the warranty on this brake pad set?

A: Please refer to the warranty information provided by Herito for details on the warranty coverage for this brake pad set.
