

OEM SFP000929 land rover brake pad Lucas Girling Braking System

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: OEM
- Certification: ISO9000
- Model Number: ALL
- Minimum Order Quantity: 100
- Price: 5.00-25.00
- Packaging Details: export packing
- Delivery Time: 30-60
- Payment Terms: T/T, LC
- Supply Ability: 15 Million

Product Specification

- Product Name: Land Rover Ceramic Brake Best Pads
- Model: Land Rover
- Type: Brake Pad
- Material: Ceramic
- Factory No.: ZR-18929
- F/R: F
- FMSI: F929
- OEM: SFP000929
- Braking System: Lucas Girling
- Highlight: **LUCAS land rover brake pad,**
Lucas Girling land rover brake pad, SFP000929

Product Description

Specifications	
Product name	Land Rover Freelander 2.5 Brake Pad
Model	Land Rover Freelander 2.5
Type	Brake Pad
Material	Ceramic
F/R	F
Factory No.	ZK-18001
FMSI	D926
OEM	SFP000010
Braking System	Lucas Girling
Size	
Width	131.4 mm
Height	62 mm
Thickness	17.2 mm
Model_MARKE	Land Rover Freelander/ Freelander 4

Product Description:

These brake pads are the best kind of brake pads you can find on the market. They are manufactured by one of the best brake pads brands in the world, ensuring that you get the best quality and performance.

The Land Rover Brake Pad Set has a width of 155.1mm, making it a perfect fit for your Land Rover vehicle. It is designed to meet or exceed the original equipment specifications, ensuring that you get the same level of performance as the original brake pads.

What's even better is that these brake pads are made in the United Kingdom, guaranteeing that you get a product that is of high quality and meets international standards.

The OE number for this brake pad set is LR019627, making it easy for you to find the exact replacement part you need for your Land Rover vehicle.

In summary, the Land Rover Brake Pad Set is the best brand brake pads you can find on the market. Made from high-quality ceramic material, it is designed to provide superior performance and long-lasting durability. With a width of 155.1mm, it is a perfect fit for your Land Rover vehicle. It is also made in the United Kingdom and has an OE number of LR019627, ensuring that you get a product that meets international standards and is easy to install.

Applications:

Whether you're driving on the highway or tackling tough terrain, you can trust the Herito Brake Pad Set to provide reliable performance in any scenario. With a quantity of 4 pieces and a width of 155.1mm, this brake pad set is designed for both front and rear positions, making it a versatile choice for any Land Rover owner.

When it comes to choosing the best brake discs and pads for your Land Rover, you want a product that's reliable, durable, and easy to install. The Herito Brake Pad Set ticks all of those boxes, making it a top choice for drivers who demand the best from their vehicles. So why wait? Upgrade your Land Rover's braking system today with the Herito Brake Pad Set.

Support and Services:

The Land Rover Brake Pad Set is a high-quality replacement part designed to meet the specific requirements of Land Rover vehicles. The set includes front and rear brake pads, ensuring optimal performance and safety when braking. These brake pads are manufactured to strict standards and undergo rigorous testing to ensure they meet or exceed OEM specifications. Our technical support team is available to assist with any questions or issues regarding installation, compatibility, or performance. We also offer a range of services, including brake pad replacement and brake system inspections, to help ensure your vehicle is operating safely and efficiently.

When it comes to maintaining your Land Rover vehicle, trust the experts at Land Rover to provide the quality parts and services you need.

FAQ:

A: This brake pad set is manufactured by Herito.

2. Q: Is this brake pad set compatible with all Land Rover models?

A: No, this brake pad set is only compatible with certain Land Rover models. Please check the product description or consult with a mechanic to ensure compatibility with your vehicle.

3. Q: How many brake pads are included in this set?

A: This brake pad set includes four brake pads, which is enough for one axle.

4. Q: Are installation instructions included with this brake pad set?

A: No, installation instructions are not included with this brake pad set. It is recommended to have a professional mechanic install the brake pads to ensure proper installation.

5. Q: What is the warranty on this brake pad set?

A: Warranty information is not included in this product description. Please refer to the manufacturer's website or contact customer service for more information on warranties.
