

Cadillac Ceramic Brake Pad Set with Noise Reduction and Wear Sensor 22851703

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: OEM
- Certification: ISO9000
- Model Number: ALL
- Minimum Order Quantity: 100
- Price: 5.00-25.00
- Packaging Details: export packing
- Delivery Time: 30-60
- Payment Terms: Payment upon delivery
- Supply Ability: Production according to customer demand volume

Product Specification

- Product Name: Cadillac Ceramic Brake Pad Set With Noise Reduction And Wear Sensor
- Model: Cadillac
- Type: Brake Pad
- Material: Ceramic
- Factory No.: ZR-11703
- F/R: F
- FMSI: F1703
- OEM: 22851703
- Braking System: N
- Highlight: **22851703 ceramic brake pad,
Noise Reduction Cadillac Brake Pad Set,
22851703**

Product Description

Specifications	
Product name	Cadillac Ceramic Brake Pad Set with Noise Reduction and Wear Sensor
Model	Cadillac
Type	Brake Pad
Material	Ceramic
F/R	F
Factory No.	ZR-11703
FMSI	F1703
OEM	22851703
Braking System	N
Size	
Width	114.8 mm
Height	44.9 mm
Thickness	16.4 mm
Model_MARKE	Cadillac

Product Description:

Designed specifically for Cadillac models, this brake pad set is engineered to provide unparalleled stopping power, exceptional durability, and reliable performance in all driving conditions. Made from premium-quality ceramic material, these brake pads are tough enough to withstand the most extreme driving conditions, making them the perfect choice for drivers who demand nothing but the best from their vehicles.

One of the key features of this brake pad set is the built-in wear sensor, which alerts you when it's time to replace your brake pads, ensuring that you never have to worry about brake failure or unsafe driving conditions. Additionally, the chamfered edges of these brake pads help to reduce noise and vibration during braking, resulting in a smoother, more comfortable ride. Another great feature of this brake pad set is its slotted design, which helps to dissipate heat more effectively and prevent brake fade, ensuring consistent, reliable stopping power even during prolonged use. With a thickness of 0.6 inches, these brake pads are built to last, providing long-lasting durability and performance that you can count on for years to come. So if you're looking for the break-best brake pads for your Cadillac, look no further than this high-quality brake pad set featuring the best ceramic brake pads on the market today. With its advanced features, superior durability, and exceptional performance, this brake pad set is the perfect choice for drivers who demand the very best from their vehicles.

Applications:

One of the key features of our brake pad set is its heat resistance. With Herito, you can be assured that our brake pads will perform well under high temperatures, ensuring safe and reliable braking even during extreme driving conditions such as racing or heavy traffic.

Another important feature of our brake pad set is its noise reduction capability. With Herito, you can enjoy a quieter ride, free from the annoying squeaking and grinding noises that often accompany subpar brake pads.

Our brake pad set is also designed with a thickness of 0.6 inches, making it durable and long-lasting. With Herito, you can enjoy peace of mind knowing that our brake pads will provide excellent performance for many miles to come.

Additionally, our brake pad set is powder-coated, providing extra protection against corrosion and wear. The chamfered edges also help to reduce noise and improve braking performance.

Our brake pad set is perfect for a variety of occasions and scenarios. Whether you're commuting to work, running errands, or taking a road trip, Herito's brake pad set is the best brake pad set for your Cadillac.

So why settle for anything less than the best? Choose Herito's brake pad set for superior quality, performance, and durability.
