Size	
Width	114.8 mm
Height	44.9 mm
Thickness	16.4 mm
Model_MARKE	Cadillac

Product Description:

The Cadillac Brake Pad Set also includes a wear sensor, ensuring that you always know when it's time to replace your brake pads. This added feature can save you time and money in the long run, as it can help you avoid costly repairs due to worn brake pads. The wear sensor is compatible with your vehicle's OEM system, making installation easy and hassle-free. In addition to the slotted design and wear sensor, the Cadillac Brake Pad Set is powder-coated for added durability. The powder coating helps to protect the brake pads from corrosion and other environmental factors that can reduce their lifespan. With this added protection, you can be confident that your brake pads will last longer and provide reliable stopping power for years to come.

The Cadillac Brake Pad Set is designed to fit both the front and rear of your vehicle, ensuring that you have consistent braking performance across all wheels. This comprehensive design is ideal for drivers who want the best possible braking performance from their vehicle.

Finally, the Cadillac Brake Pad Set comes with a limited lifetime warranty, giving you peace of mind knowing that you are covered in case of any defects or issues with your brake pads. With this warranty, you can be confident that you are investing in a high-quality product that will provide reliable performance for years to come.

Applications:

Whether you are driving in the city or on the highway, the Herito brake pad set is ideal for all driving scenarios. The best brake pads are engineered to deliver consistent braking power, regardless of the driving conditions. The Herito brake pad set also comes with shims included, which helps to reduce noise and vibrations, offering a quieter and smoother braking experience. The Herito brake pad set is also backed by a limited lifetime warranty, giving you peace of mind that you are investing in a high-quality and reliable product. The warranty covers any defects in materials or workmanship, ensuring that you can enjoy your brake pads for years to come.

The Herito brake pad set is perfect for those who are looking for the best brand brake pads that offer superior performance, quality, and durability. The best brake pads are made from high-quality materials and are rigorously tested to ensure that they meet industry standards.

Whether you are a daily driver or a performance enthusiast, the Herito brake pad set is the perfect upgrade for your Cadillac vehicle. With its superior braking performance, durability, and reliability, you can drive with confidence and enjoy a smooth and comfortable ride. So, if you are in the market for the best kind of brake pads, look no further than the Herito brake pad set.

Support and Services:

Our Cadillac Brake Pad Set is designed to provide superior stopping power and reliability. The brake pads are made from high-quality materials that are engineered to withstand extreme temperatures and heavy use. They are specially formulated to reduce noise and dust, ensuring a smooth and clean braking experience.

For optimal performance, we recommend installing our brake pad set according to the manufacturer's instructions. In addition, regular inspection and maintenance of your vehicle's braking system is crucial for safe and reliable operation.

If you have any questions or concerns about our Cadillac Brake Pad Set, please don't hesitate to contact our technical support team. They are available to provide assistance and answer any questions you may have regarding installation, maintenance, and troubleshooting.

FAQ:
