Product Description:

The Fmsi:D978 Brake Pad Set is designed to provide superior stopping power, even in the most demanding driving conditions. Made from high-quality materials, these brake pads are engineered to provide exceptional durability and resistance to wear and tear. The absence of slots on these brake pads means that they are solid and will provide a consistent surface for braking.

Whether you are commuting to work or taking a long road trip, you can rely on this VW Brake Pad Kit to deliver the consistent and reliable braking performance you need. Not only will it help keep you and your passengers safe, but it will also help extend the life of your vehicle's braking system.

Another great feature of this VW OEM Brake Pad Set is that it is designed for both the front and rear of your vehicle. This means that you can replace all of your brake pads at once, ensuring that your vehicle's braking system is operating at peak performance.

Overall, this Volkswagen Brake Pad Set is an excellent choice for anyone who wants to ensure that their vehicle's braking system is performing at its best. With its exceptional quality, durability, and performance, this brake pad kit is a must-have for any Volkswagen Santana2000 owner.

Applications:

The Herito Volkswagen Brake Pad Set is an ideal option for those looking for a high-quality, long-lasting product with reliable performance. This brake pad set has been specifically designed to meet the requirements of the Volkswagen Santana2000, ensuring a perfect fit and optimal performance.

Whether you are looking to replace your worn-out brake pads or upgrade your vehicle's braking system, the Herito Volkswagen Brake Pad Set is an excellent choice. The set includes all necessary hardware, making installation quick and easy.

In addition to its outstanding quality and performance, this Volkswagen Aftermarket Brake Pad Set also includes a wear sensor. This means that you can rest assured that your brakes will provide consistent and reliable performance throughout their lifespan.

Overall, the Herito Volkswagen Brake Pad Set is an essential purchase for anyone looking to maintain their Volkswagen Santana2000's braking system. Its high-quality construction, reliable performance, and easy installation make it a top choice for drivers everywhere.

Customization:

Packing and Shipping:

Product Packaging:

The Volkswagen Brake Pad Set comes in a sturdy cardboard box that is designed to protect the product during shipping and handling.

The box is labeled with the product name, description, and image to make it easy to identify.

Inside the box, the brake pad set is securely packaged with foam inserts to prevent any damage during transit.

Shipping:

Orders for the Volkswagen Brake Pad Set are shipped via standard ground shipping.

Shipping times may vary depending on the customer's location and the shipping carrier's schedule, but most orders are delivered within 5-7 business days.

Customers will receive a shipping confirmation email with tracking information once their order has been processed and shipped.
