## Product Description

### Product Description:

Chamfered for optimal performance, the Volkswagen Brake Pad Set is expertly crafted to ensure smooth and consistent braking, no matter the driving conditions. The chamfered edges of these brake pads help to reduce noise and prevent vibrations, ensuring a comfortable and quiet ride every time.

With a factory number of ZK-01014, this VW Brake Pad Kit is specifically designed for the Volkswagen Santana2000, ensuring a perfect fit and seamless installation. The Volkswagen Performance Brake Pad Set is made from high-quality materials that are built to last, providing exceptional durability and longevity.

Although not slotted, the Volkswagen Brake Pad Set is still able to deliver exceptional braking performance. The absence of slots means that these brake pads are less prone to wear and tear, helping to extend the life of your braking system. With this VW Replacement Brake Pad Set, you can enjoy peace of mind knowing that your vehicle is equipped with the best possible braking components.
