Product Description

Product Description:

The dimensions of the Toyota Brake Pad Set are 5.5 X 5.5 X 3 inches, making them the perfect fit for Toyota vehicles. This set is specifically designed for the rear brake pad and includes four pieces, making it easy to replace all of the brake pads at once. The total weight of the Toyota Brake Pad Set is 2.5 pounds, which is lightweight yet sturdy enough to provide reliable stopping power when you need it most.

The Toyota Brake Pad Set is made from high-quality ceramic material, which makes it a durable and long-lasting option for your vehicle. Ceramic brake pads are known for their exceptional performance and are a popular choice for many Toyota vehicle owners. Ceramic brake pads are designed to provide excellent stopping power, reduce noise and vibration, and minimize dust buildup on your wheels. Overall, the Toyota Brake Pad Set is an excellent option for those in need of reliable and high-quality brake pads for their Toyota vehicle. The set includes four pieces of rear brake pad specifically designed for Toyota vehicles, ensuring a perfect fit every time. The ceramic material used in these brake pads makes them long-lasting and durable, providing excellent stopping power and reducing noise and dust buildup. So, if you're looking for top-quality brake pads for your Toyota, the Toyota Brake Pad Set is a great choice.
