

## 04465-35290 Ceramic Toyota Brake Pads Set By ZK-11013 OEM 04466-12130 2.5 Pounds

### Our Product Introduction

#### Basic Information

- Place of Origin: China
- Brand Name: OEM
- Certification: ISO9000
- Model Number: ALL
- Minimum Order Quantity: 100
- Price: 5.00-25.00
- Packaging Details: export packing
- Delivery Time: 30-60
- Payment Terms: T/T, LC
- Supply Ability: 15 Million

#### Product Specification

- Oe Number: 04465-35290
- Factory No: ZK-11013
- Braking System: N
- Oem: 04466-12130
- Dimensions: 5.5 X 5.5 X 3 Inches
- Quantity: 4 Pieces
- Material: Ceramic
- Weight: 2.5 Pounds
- Highlight: **04465-35290 Toyota Brake Pads Set,  
2.5 Pounds Toyota Brake Pads Set,  
Ceramic Toyota Brake Pads Set**

## Product Description

### Product Description:

The Toyota Brake Pad Set is engineered to meet the highest standards of quality and performance. It is designed to provide exceptional stopping power, even in the most demanding driving conditions. The pads are made from high-quality materials that are built to last, ensuring that you get the most out of your investment.

One of the key benefits of the Toyota Brake Pad Set is its OE number: 04465-35290. This means that the pads are designed to meet the original equipment specifications of your Toyota vehicle, ensuring a perfect fit and reliable performance. Whether you need front or rear brake pads, this set has got you covered.

One of the standout features of the Toyota Brake Pad Set is its ceramic construction. Ceramic brake pads are known for their durability and longevity, as well as their ability to provide consistent performance over time. They are also less prone to wear and tear than other types of brake pads, making them an excellent choice for drivers who want to get the most out of their braking system.

In addition to its ceramic construction, the Toyota Brake Pad Set also features brake pads with clips. These clips are designed to provide a secure fit and prevent the pads from rattling or vibrating during use. This helps to ensure a smooth and quiet ride, and also extends the life of your brake pads.

In conclusion, if you are looking for a top-quality brake pad set for your Toyota vehicle, the Toyota Brake Pad Set is an excellent choice. With its OE number, ceramic construction, and brake pads with clips, this product is designed to provide exceptional performance and reliability. Whether you need rear brake pads or front brake pads, this set has got you covered. So why wait? Order your Toyota Brake Pad Set today and experience the difference for yourself!

### Features:

Product Name: Toyota Brake Pad Set

Quantity: 4 Pieces

OEM: 04466-12130

Type: Ceramic Brake Pad

Interchange Part Number: 04465-35290, D1210, ACT1210

Designed as brake pads for Toyota vehicles

Comes with clips for easy installation

### Technical Parameters:

Product Attribute	Value
OEM	04466-12130
Quantity	4 Pieces
OE Number	04465-35290
Material	Ceramic
Weight	2.5 Pounds
Position	Front And Rear
Factory No	ZK-11013
Dimensions	5.5 X 5.5 X 3 Inches
Interchange Part Number	04465-35290, D1210, ACT1210
Type	Brake Pad

### Applications:

These brake pads with clips are specifically designed to fit the rear brake pad of your vehicle. The Herito Brake Pad Set is a reliable and effective replacement for the OEM 04466-12130 rear brake pad. With a 1-year warranty, you can be assured of its quality and dependability.

When it comes to product application occasions, the Herito Brake Pad Set is a perfect choice for those who need to replace their worn out rear brake pads. It is ideal for those who want an affordable, yet high-quality replacement that is easy to install. The Herito Brake Pad Set is a reliable choice for those who are looking for improved braking performance and longevity.

The Herito Brake Pad Set is recommended for use in various scenarios, including daily driving, long-distance traveling, and even racing. It is an excellent choice for those who want an upgrade from their stock brake pads without breaking the bank. With its ceramic material, the Herito Brake Pad Set provides better stopping power, reduced noise, and dust compared to other types of brake pads.

In conclusion, the Herito Brake Pad Set is an excellent choice for those who need to replace their rear brake pad. With its dimensions, material, and OEM compatibility, it is a reliable and effective replacement for your vehicle's rear brake pads. Additionally, the Herito Brake Pad Set is ideal for various product application occasions and scenarios, making it a versatile and practical option for vehicle owners.
