Product Description

Product Description:

The set includes hardware for easy installation, making it a hassle-free upgrade for your BMW's braking system. The BMW Brake Pad Set is designed to fit both front and rear positions, allowing you to replace your entire brake system with this high-performance pad set.

One of the key features of this BMW Brake Pad Set is the included wear sensor. This sensor is designed to alert you when it's time to replace your brake pads, ensuring that you always have optimal braking performance. With the wear sensor, you can rest assured that your brakes for BMW will always be in top condition.

The package dimensions of this product are 8.5 x 5.5 x 3 inches, making it a compact and convenient option for those who want to upgrade their BMW's brakes without taking up too much space. The compact size also makes it easy to store and transport, so you can keep a spare set on hand for emergencies.

This BMW Brake Pad Set features OE Number 34 11 6 761 244, ensuring that it is a genuine BMW product that is designed to fit your vehicle perfectly. With this product, you can be sure that you are getting the highest quality brakes for your BMW.
