- Package Dimensions: 8.5 X 5.5 X 3 Inches
- Country Of Origin: Germany
- Warranty: 2 Years
- Weight: 2.5 Pounds
- Thickness: 10mm
- Wear Sensor: Included
- Upc: 885170321235
- Oe Number: 34 11 6 761 244
- Highlight: **OE Number Bmw Brake Pad Set,
2.5 Pound Bmw Brake Pad Set,
Wear Sensor Bmw Brake Pad Set**

Product Description

Product Description:

Designed to meet the exacting standards of BMW, this brake pad set is made from premium materials and engineered to deliver reliable and consistent stopping power. With an OE number of 34 11 6 761 244, you can be sure that these brake pads are a perfect fit for your BMW.

One of the key features of this brake pad set is its thickness of 10mm. This ensures that the pads are durable and long-lasting, providing you with a safe and secure braking experience for many miles to come. Additionally, with a weight of just 2.5 pounds, these brake pads are lightweight and won't add unnecessary strain to your vehicle's braking system.

Another great feature of this brake pad set is the inclusion of a wear sensor. This sensor is designed to alert you when it's time to replace your brake pads, ensuring that you always have optimal braking performance. With the BMW Brake Pad Set, you can have peace of mind knowing that your vehicle is always operating at its best.

Finally, this brake pad set comes with a 2-year warranty, providing you with added protection and peace of mind. So why wait? Upgrade your BMW's braking system today with the BMW Front Brake Pad Set!

Product Name	BMW High-Carbon Performance Premium Disc Brake Pad Set

Applications:

The BMW Brake Pad Set is made from high-quality ceramic material, ensuring optimal performance and durability. The ceramic material is known for its ability to resist heat and wear, making it an excellent choice for high-performance vehicles like BMWs.

The BMW Brake Pad Set also comes with shims included, which help to reduce noise and vibration during braking. This feature ensures a comfortable and quiet driving experience, even on rough roads.

The BMW Brake Pad Set is easy to install, and it comes with a hardware installation kit, making the installation process even more convenient. The kit includes all the necessary hardware for a hassle-free installation, ensuring that your BMW is back on the road in no time.

The BMW Front Disc Brake Pad Set with Hardware Installation Kit is perfect for BMW owners who want to replace their front brake pads. This set includes everything you need for a quick and easy replacement, ensuring that your BMW is running at its best.

The BMW Front Replacement Brake Pad Set is another great option for BMW owners who need to replace their front brake pads. This set is specifically designed for the front position, ensuring optimal performance and safety.

The BMW Front Disc Brake Pad Set with Hardware Installation Kit is an excellent choice for BMW owners who want the convenience of a complete brake pad replacement kit. This set includes all the necessary hardware for a hassle-free installation, ensuring that your BMW is

running at its best.
In conclusion, the BMW Brake Pad Set is a high-quality product that offers excellent performance and durability. With its ceramic material, included shims, and hardware installation kit, this brake pad set is a convenient and versatile option for all BMW models. Whether you need to replace your front or rear brake pads, the BMW Brake Pad Set is sure to meet your needs and exceed your expectations.

Customization:

Looking for brakes for your BMW? Our BMW QuietCast Disc Brake Pad Set is the perfect choice. Our brake pads are made from high-quality ceramic material to provide superior performance and durability. With a thickness of 10mm, these brake pads are designed to provide excellent stopping power, even in the most demanding driving conditions.
