- Model Number: ALL
- Minimum Order Quantity: 100
- Price: USD5.00-25.00
- Packaging Details: export packing
- Delivery Time: 30-60 days
- Payment Terms: T/T, LC
- Supply Ability: 15 Million

### Product Specification

- Type: Brake Pad
- Braking System: Akebono
- Package Quantity: 1
- Model: Nissan Teana
- Factory No: ZK-22012
- Interchange Part Number: D10609N00A
- Item Weight: 3.2 Pounds
- Position: Front
- Highlight: Nissan Teana Brake Pad Set,  
Affordable Brake Pad Set,  
Akebono Braking System Brake Pad Set

## Product Description

### Product Description:

With an OE number of D10609N00A and OEM code of 41060-7Z025, this brake pad set is a perfect fit for your Nissan Teana. The braking system used in this brake pad set is Akebono, which is known for its reliability and durability. Whether you're driving in the city or on the highway, the Nissan Racing Brake Pad Set ensures that your vehicle stops quickly and safely. The item weight of 3.2 pounds makes it easy to install and handle, so you can have peace of mind knowing that your brakes are in good hands.

Not only is the Nissan Racing Brake Pad Set a reliable replacement for your old brake pads, but it is also a great upgrade for Nissan 4x4 vehicles. With its superior performance and stopping power, this brake pad set is perfect for off-road adventures and demanding driving situations.

Investing in the Nissan Racing Brake Pad Set is a wise choice for any Nissan Teana owner. With its quality construction, compatibility with Nissan 4x4 vehicles, and superior braking performance, you can rest assured that your vehicle will be safe and reliable on the road.

### Features:

Product Name: Nissan Brake Pad Set

Type: Brake Pad

Oe Number: D10609N00A

Braking System: Akebono

Product Dimensions: 8.6 X 5.4 X 3.4 Inches

Package Quantity: 1

Features: Ceramic brake pad OEM

Usage: Ceramic brake pads wholesale

### Technical Parameters:

Position	Front
Factory No	ZK-22012
Type	Brake Pad
Item Weight	3.2 Pounds
Fmsi	D815
Oem	41060-7Z025
Oe Number	D10609N00A
Interchange Part Number	D10609N00A
Braking System	Akebono
Compatibility	Nissan Vehicles

### Applications:

The Nissan Brake Pad Set is made of ceramic material, which provides excellent stopping power and reduced noise. Ceramic brake pad customization is also available for those who have specific requirements for their Nissan vehicles. These brake pads are durable and long-lasting, offering a smooth and consistent braking experience. They are also resistant to wear and tear, ensuring that the brake pads will last for a long time.

The ZKZB Brake Pad Wholesale is suitable for various occasions and scenarios. For instance, these brake pads are ideal for those who want to replace their worn-out brake pads. They are also perfect for those who want to upgrade their Nissan vehicle's braking system to improve its performance. Additionally, these brake pads are suitable for those who want to customize their Nissan vehicles with high-quality ceramic brake pads.

In summary, ZKZB Brake Pad Wholesale provides Nissan Brake Pad Set, which is specifically designed for Nissan vehicles. These brake pads are made of ceramic material, which provides excellent stopping power and reduced noise. Ceramic brake pads wholesale are also available for those who want to customize their Nissan vehicles. Whether you want to replace your old brake pads or upgrade your Nissan vehicle's braking system, ZKZB Brake Pad Wholesale provides high-quality brake pads that are durable and long-lasting.
