### Product Description:

These brake pads are made with high-quality ceramic material, which is known for its excellent durability and heat resistance. The ceramic material also provides a quieter and smoother braking experience, reducing noise and vibration while braking. Additionally, the brake pads are equipped with rubber shims to further reduce noise and vibration. Manufactured in Japan, these brake pads are built to meet the strict standards set by Honda. With a country of origin like Japan, you can trust that these brake pads are made with precision and attention to detail. In addition to their superior performance and quality, these front brake pads come with a 1-year warranty, giving you peace of mind and ensuring that you can trust these brake pads for years to come. These front brake pads are essential for maintaining the safety and reliability of your Honda. Whether you're driving on city streets or hitting the open road, you can count on the Honda Brake Pad Set to provide consistent and reliable braking performance.
