- Price: 5.00-25.00
- Packaging Details: export packing
- Delivery Time: 30-60
- Payment Terms: T/T, LC
- Supply Ability: 15 Million

Product Specification

- Friction Coefficient: 0.35
- Package Dimensions: 9.5 X 6.5 X 3 Inches
- Position: Front
- Oe Number: 45022-TA0-A00
- Weight: 2 Pounds
- Thickness: 0.5 Inches
- Country Of Origin: Japan
- Compatibility: Honda Vehicles
- Highlight: **Rubber Shim Front Honda Brake Pads, honda Vehicles brake pad set, Genuine honda brake pad set**

Product Description

Product Description:

One of the standout features of these Honda brake pads is the included wear sensor, which lets you know when it's time to replace your pads. This is an essential component of any brake pad set, as it helps you avoid dangerous situations on the road. The Honda Brake Pad Set also includes rubber shims that help reduce noise and vibration, ensuring a comfortable and quiet ride. Rubber is a superior material for shims, as it is durable, flexible, and resistant to heat. When you purchase the Honda Brake Pad Set, you'll receive four front brake pads that are specifically designed for your Honda car. These pads are easy to install and will fit your vehicle perfectly, providing optimal performance and safety. Overall, the Honda Brake Pad Set is an excellent choice for anyone in need of high-quality, reliable front brakes. With ceramic material, a friction coefficient of 0.35, and rubber shims, these brake pads provide excellent stopping power, durability, and comfort.

Applications:

The Herito front brake pads have a friction coefficient of 0.35, which makes them highly effective in stopping the car quickly and smoothly. They are made from high-quality materials that are durable and long-lasting, ensuring that they can withstand the wear and tear of daily use. The product comes with an OE number of 45022-TA0-A00, which ensures that the brake pads are of the highest quality and meet industry standards.

The Herito front brake pads set is made in Japan, a country renowned for its excellent manufacturing standards. This guarantees that the product is of the highest quality and has undergone rigorous testing to ensure that it meets the strictest safety standards. The brake pads have been designed to fit perfectly onto the front brake system of various car models, making them an ideal choice for car owners who want to ensure the safety of their vehicles.

The Herito front brake pads set comes with a one-year warranty, providing customers with peace of mind and assurance that they are buying a quality product. The product is suitable for a variety of occasions and scenarios, including everyday driving, long-distance trips, and high-speed driving. The front brake pads are an essential part of a car's braking system, and it is important to ensure that they are of the highest quality to prevent accidents and ensure the safety of passengers and drivers alike.

In conclusion, the Herito front brake pads set is an excellent choice for car owners who want to ensure that their vehicles are safe and reliable. The product is made from high-quality materials, has a friction coefficient of 0.35, and comes with a one-year warranty. It is suitable for a variety of occasions and scenarios, including everyday driving, long-distance trips, and high-speed driving. Don't compromise on safety, choose Herito front brake pads for your car.
