lexus brake pad set**

## Product Description

### Product Description:

With a friction coefficient of 0.35, these brake pads provide optimal braking performance, ensuring your safety on the road. The ceramic material used in these brake pads is also known for its durability and resistance to wear and tear. This makes them an ideal choice for those who are looking for the best ceramic brake pads for their Lexus vehicle.

The Lexus Brake Pad Set is also an OE replacement, which means that they are designed to match the exact specifications of your vehicle's original equipment. This ensures that these brake pads will fit perfectly and function just as well as the original brake pads that came with your car.

Measuring 8 x 8 x 2 inches, these brake pads are compatible with various Lexus vehicles. It is important to note that the compatibility of these brake pads may vary depending on the specific make and model of your vehicle. It is recommended to check the product specifications to ensure that these brake pads are compatible with your Lexus.

Overall, the Lexus Brake Pad Set is the best choice for those who want to upgrade their Lexus vehicle's braking system with the best ceramic brake pads available. With their superior stopping power, durability, and OE replacement design, these brake pads are guaranteed to provide reliable and safe braking performance for your Lexus vehicle.

### Features:

**Product Name:** Lexus Brake Pad Set

**Warranty:** Limited Lifetime

**Dimensions:** 8 X 8 X 2 Inches

**Oe Replacement:** Yes

**Friction Coefficient:** 0.35

**Shims Included:** Yes

If you're looking to replace your brake pad, the Lexus Brake Pad Set is one of the best brake pad brands available. With its limited lifetime warranty, you can trust that this product will last. The dimensions of 8 x 8 x 2 inches make it a perfect fit for your vehicle. It is also an OE replacement, meaning it is designed to fit and perform like the original part. The friction coefficient of 0.35 ensures optimal stopping power, and the shims included help to reduce noise and vibration.

### Technical Parameters:
