Product Description

Product Description:

These brake pads are made of high-quality materials that are designed to withstand the high temperatures and pressures that come with heavy braking. They are also designed to reduce noise and vibration, ensuring a smooth and quiet ride.

The Porsche Brake Pad Set comes with shims included, which help reduce noise and vibration even further. The installation method for these brake pads is clip-in, which makes them easy to install and replace.

With a 1-year warranty, you can be confident in the quality and durability of these brake pads. They are designed to last and provide you with the best brake pad performance for your Porsche.

Upgrade your Porsche's braking system with the best performance brake pads on the market. The Porsche Brake Pad Set is the perfect choice for anyone who wants to improve their vehicle's braking performance and reliability.

Features:

Product Name: Porsche Brake Pad Set

Thickness: 14mm

Compatibility: Porsche 911, Boxster, Cayman
