Product Description

Product Description:

One of the standout features of this Volvo brake pad set is that it includes a wear sensor. This sensor alerts you when your brake pads are getting too worn out and need to be replaced. This feature ensures that you are always aware of the health of your brakes and can replace them before they become a safety hazard.

Another great feature of the Volvo Brake Pad Set is that it includes a shim. This shim helps to reduce noise and vibration while braking, providing a smoother and quieter ride. With the inclusion of this shim, you can be sure that you are getting the best brake discs and pads for your Volvo.

This brake pad set is made with high-quality materials, ensuring that it is durable and long-lasting. You won't have to worry about replacing your brake pads anytime soon once you install this set. Plus, since it is an OEM product, you can be confident that it is the perfect fit for your Volvo.

In summary, the Volvo Brake Pad Set is the perfect replacement for your worn-out brake pads. Made in Germany, this set includes four pieces and is compatible with Volvo vehicles. It also includes a wear sensor and a shim to reduce noise and vibration while braking. With high-quality materials and an OEM fit, this brake pad set is the best choice for your Volvo.
