Product Description:

The brake pad set is specifically designed for the front position of your Volvo vehicle. It is compatible with various Volvo models, making it an ideal replacement for your old and worn-out brake pads. The OE number 31262706 ensures that this product is a perfect fit for your vehicle, providing you with the best possible braking performance.

The Volvo Brake Pad Set comes with a wear sensor that is included in the package. This feature helps you to keep track of the brake pad wear and notify you when it's time to replace them. With this feature, you can easily avoid any potential brake failure and ensure your safety on the road.

The brake pad set weighs only 2.2 pounds, making it a lightweight and easy-to-install product. Its compact design ensures that it fits perfectly on your vehicle without any hassle. You can easily install it yourself or hire a professional mechanic to do it for you.

If you're looking for a reliable and high-quality brake pad replacement for your Volvo vehicle, then the Volvo Brake Pad Set is the perfect choice for you. Its compatibility with various Volvo models, wear sensor, and lightweight design make it a popular choice among Volvo owners.
