- Minimum Order Quantity: 100
- Price: 5-10 USD
- Packaging Details: SHIPPING PACKING
- Payment Terms: L/C, T/T
- Supply Ability: 300000 sets per month

Product Specification

- Oe Number: 04465-35290
- Factory No: ZK-11013
- Dimensions: 5.5 X 5.5 X 3 Inches
- Oem: 04466-12130
- Position: Front And Rear
- Interchange Part Number: 04465-35290, D1210, ACT1210
- Type: Brake Pad
- Quantity: 4 Pieces
- Highlight: Professional Ceramic Brake Pad Set,
Enhanced Stopping Performance Brake Pad Set

Product Description

Product Description:

These brake pads are made from premium materials to ensure long-lasting durability and reliable performance. They are engineered to provide superior stopping power and a smooth, quiet ride. With these brake pads, you can enjoy a safer and more comfortable driving experience.

These brake pads are specifically designed for Toyota vehicles with a braking system of "N". They feature an OE number of 04465-35290 and an OEM of 04466-12130. The factory number for this set is ZK-11013.

When it comes to finding the right brake pads for your Toyota, you can trust our collection to provide you with the best options available. Our brake pads are designed to meet or exceed OEM specifications, ensuring that you get the performance and reliability you need from your vehicle's braking system.

So if you're in need of high-quality brake pads for your Toyota, look no further than our collection. With these brake pads, you can enjoy a safer, smoother, and more comfortable driving experience.

Applications:

The ZKZB 201562 Rear Brake Pad Set is specifically designed for Toyota vehicles and is compatible with OE Number 04465-35290 and Factory Number ZK-11013. This brake pad set is perfect for Toyota owners who are seeking reliable and efficient rear brake pads for their vehicles.

The ZKZB 201562 Rear Brake Pad Set is suitable for a wide range of Toyota models and can be used in various scenarios and occasions. The product is ideal for Toyota owners who are looking to replace their rear brake pads and want a product that offers superior performance and durability. The brake pads are designed to provide excellent stopping power and reduce noise and vibration during braking.

The ZKZB 201562 Rear Brake Pad Set is perfect for Toyota owners who require reliable and durable brake pads for their vehicles. The product is suitable for use in many different scenarios, including daily driving, commuting, and long-distance travel. These brake pads are designed to provide reliable and consistent braking performance, making them ideal for all kinds of driving conditions.

In conclusion, the ZKZB 201562 Rear Brake Pad Set is an excellent choice for Toyota owners who are looking for reliable and efficient brake pads. The product is made of high-quality ceramic material and is designed to provide excellent braking performance and durability. The brake pads are compatible with OE Number 04465-35290 and Factory Number ZK-11013, making them a perfect fit for Toyota vehicles. With its lightweight construction, reliable performance, and excellent stopping power, this brake pad set is perfect for a wide range of occasions and scenarios.

Customization:

Support and Services:

The Toyota Brake Pad Set is a high-quality product designed to ensure safe and reliable braking performance for your vehicle. Our brake pads are manufactured using premium materials and advanced engineering to meet strict Toyota standards for durability, performance, and safety.

Our technical support team is available to answer any questions you may have about the installation, maintenance, and performance of your Toyota Brake Pad Set. We offer a range of services to help you get the most out of your brake pads, including:
