Product Description

Product Description:

These brake pads are made from top-quality materials and are rigorously tested to ensure that they can withstand the demanding conditions of daily driving. They are designed to provide excellent stopping power and a smooth, quiet ride.

These brake pads are ideal for Toyota vehicles that need new rear brake pads. If you drive a Toyota, you know that it is important to use high-quality parts to keep your vehicle running smoothly. These brake pads are designed to meet the highest standards and are guaranteed to last for a long time.

The Toyota Brake Pad Set comes with a one-year warranty, so you can rest assured that you are getting a quality product. This set is also easy to install, so you can have your new brake pads installed in no time.

These brake pads have an OE number of 04465-35290, which means that they are designed to fit Toyota vehicles perfectly. They are also designed to be compatible with a wide range of Toyota models, so you can be sure that they will work with your vehicle.

The Toyota Brake Pad Set measures 5.5 x 5.5 x 3 inches, making it the perfect size for your Toyota vehicle. With these brake pads, you can be sure that your vehicle will stop when you need it to, giving you peace of mind and keeping you safe on the road.

Applications:

These brake pads have been designed to provide excellent braking performance, making them a great choice for a range of different driving scenarios. Whether you're driving in stop-and-go city traffic or cruising down the highway, the ZKZB Brake Pad Set will help you come to a safe and controlled stop every time.

One of the key benefits of these brake pads is their ceramic material construction. Ceramic brake pads are known for their ability to handle high temperatures without sacrificing performance, making them a reliable choice for heavy use or high-speed driving. They are also known for their durability, longevity, and reduced brake dust production compared to traditional brake pads.

The ZKZB Brake Pad Set is compatible with a range of different Toyota models, and can be used as a replacement for part numbers 04465-35290, D1210, and ACT1210. Whether you're a professional mechanic or a DIY enthusiast, these brake pads are easy to install and will provide a great fit with your Toyota vehicle.

When it comes to the rear brake pad, the ZKZB Brake Pad Set provides a good option for reliable braking performance. Whether you're looking to replace your existing brake pads or upgrade to a better set, the ZKZB Brake Pad Set is a great choice. Not only do these brake pads offer excellent stopping power, but they are also long-lasting and easy to install.

Customization:

Support and Services:

Packing and Shipping:

Product Packaging:

The Toyota Brake Pad Set will come in a durable cardboard box with the Toyota logo and product details printed on the outside. Inside, the brake pads will be securely packed in a foam insert to prevent any damage during transport.

Shipping:

The Toyota Brake Pad Set will be shipped via standard ground shipping. The estimated delivery time will be between 3-5 business days. Customers will receive a tracking number once the order has been shipped so they can monitor the delivery status.
