Product Description:

Weighing just 2 pounds, this brake pad set is lightweight and easy to install, making it the perfect choice for anyone looking to upgrade their Ford's braking system. With an interchange part number of FD-67890 and other part number of FD-BP-SET, this brake pad set is compatible with a wide range of Ford vehicles, ensuring that you can get the perfect fit for your specific make and model.

One of the key features of these Ford Low Dust Brake Pads is their exceptional low-dust formula. This means that they produce less dust than other brake pads on the market, helping to keep your wheels looking clean and shiny while also reducing the need for frequent cleaning and maintenance.

In addition to their low dust formula, these brake pads are also designed to provide exceptional stopping power, ensuring that you can always count on your Ford to come to a quick and safe stop when you need it to. With their durable construction and high-quality materials, these brake pads are built to withstand even the toughest driving conditions, making them the perfect choice for anyone who demands the best from their vehicle's braking system.

The dimensions of this brake pad set are 10 x 5 x 3 inches, making them the perfect size for most Ford vehicles. Whether you're driving a sedan, SUV, or truck, these brake pads are sure to provide the superior performance and reliability that you need to stay safe on the road. So if you're looking for the best brake pads for your Ford vehicle, look no further than the Ford Brake Pad Set. With their exceptional low dust formula, superior stopping power, and durable construction, these brake pads are the perfect choice for anyone who demands the best from their vehicle's braking system.
