Basic Information

- Place of Origin: 中国
- Brand Name: Herito
- Model Number: 47895321

Product Specification

- Compatibility: Cadillac Vehicles
- Slotted Design: Yes
- Material: Ceramic
- Heat Resistant: Yes
- Powder Coated: Yes
- Warranty: Limited Lifetime Warranty
- Noise Reduction: Yes
- Thickness: 0.6 Inches
- Highlight: **Heat Resistance Ceramic Brake Pads,**
Noise Reduction Ceramic Brake Pads,
Enhanced Durability Ceramic Brake Pads

Product Description

Product Description:

One of the standout features of this brake pad set is its slotted design. The slots in the pads help to dissipate heat and prevent brake fade. Additionally, the slots help to keep the brake pads clean by allowing dust and debris to escape. This feature makes this product ideal for high-performance driving, as it ensures consistent and reliable braking, even in demanding conditions.

In addition to the slotted design, this brake pad set is also powder-coated. The powder coating helps to protect the pads from rust and corrosion, ensuring that they will last for a long time. This feature also helps to keep the pads looking clean and new, even after extended use.

The thickness of these brake pads is 0.6 inches, which is the recommended thickness for most Cadillac models. This ensures that the pads will fit perfectly and provide optimal stopping power.

When it comes to the best brake pad brand for your Cadillac, this product is definitely a top contender. It comes with a limited lifetime warranty, which gives you peace of mind knowing that you are covered in case of any defects or issues. With this warranty, you can trust that this product is made to the highest standards and will provide reliable performance for years to come.

Features:

Product Name: Cadillac Brake Pad Set

Chamfered Edges: Yes

Noise Reduction: Yes

Heat Resistant: Yes

Quantity: 4 Pieces

Wear Sensor Included: Yes

Looking for the best type of brake pads for your Cadillac? Look no further than the Cadillac Brake Pad Set. These high-quality brake pads are the perfect brake pad replacement for your vehicle. With chamfered edges and noise reduction technology, these brake pads are designed to minimize noise and improve performance. Plus, they are heat resistant, making them ideal for high-performance driving. Each set includes 4 pieces and a wear sensor is included for added convenience. These brake pads are also made to OEM standards, ensuring a perfect fit and reliable performance.

Technical Parameters:

Compatibility	Cadillac Vehicles
Quantity	4 Pieces
Shims Included	Yes
Wear Sensor Included	Yes
Chamfered Edges	Yes
Slotted Design	Yes
Powder Coated	Yes
Material	Ceramic
Noise Reduction	Yes
Thickness	0.6 Inches

Applications:

These brake pads are the best type of brake pads you can find in the market today. They are designed to match the OEM brake pads that come with Cadillac vehicles, ensuring that you get the same high-quality performance and safety. The chamfered edges of these brake pads reduce noise and vibrations while the slotted design provides better heat dissipation, which results in longer pad life and better braking performance.

The Herito Cadillac Brake Pad Set also comes with wear sensors, which are essential for monitoring the condition of your brake pads.

The wear sensors will alert you when it's time to replace your brake pads, preventing any accidents that may occur due to worn-out brake pads.

These brake pads are compatible with Cadillac vehicles, making it easy for you to find the perfect fit for your car. Whether you have a Cadillac CTS, Cadillac Escalade, or any other Cadillac model, the Herito Cadillac Brake Pad Set is the perfect replacement for your OEM brake pads.

In summary, the Herito Cadillac Brake Pad Set is the best option for Cadillac vehicle owners who are in need of a replacement for their worn-out brake pads. With its OEM-like performance, chamfered edges, wear sensors, and slotted design, you can be sure of a safe and reliable braking system for your Cadillac vehicle.

Customization:

Support and Services:

The Cadillac Brake Pad Set includes premium ceramic or semi-metallic brake pads that are designed to provide reliable and consistent stopping power for your vehicle. The brake pads are engineered to meet or exceed original equipment specifications and are rigorously tested to ensure high performance and durability. The set also includes hardware, such as clips and shims, to ensure proper installation and reduce noise and vibration. Our technical support team is available to answer any questions and provide assistance with installation or troubleshooting. In addition, we offer a range of services, including brake inspections and maintenance, to help keep your vehicle's braking system in top condition.

Packing and Shipping:

Product Packaging:

The Cadillac Brake Pad Set comes in a sturdy cardboard box with the product name and information printed on the front. Inside the box, the brake pads are securely packaged in foam padding to prevent damage during shipping.

Shipping:

Orders for the Cadillac Brake Pad Set will be processed and shipped within 1-2 business days. We offer standard ground shipping and expedited shipping options. Shipping costs will be calculated at checkout based on your location and selected shipping method. We ship to the United States and Canada only.
