- Type: Brake Pad
- Highlight: Volkswagen D978 Front Brake Pads,  
D978 Front Brake Pads,  
Wear Sensor Included Front Brake Pads

## Product Description

### Product Description:

With chamfered edges that help to reduce noise and vibration, this Volkswagen Brake Pad Set is the perfect choice for drivers who demand the best. The chamfered design also helps to prevent the pads from cracking or wearing unevenly, ensuring they last longer and perform better over time.

Designed specifically for use with N braking systems, this Volkswagen Brake Pad Set is the ideal choice for drivers who want to upgrade their vehicle's braking performance. Whether you're a professional driver or just someone who wants to feel more confident on the road, these brake pads are the perfect choice.

With front and rear positions available, this Volkswagen Brake Pad Set is suitable for a wide range of VW models. Whether you drive a Passat, Jetta, Golf, or any other Volkswagen vehicle, these brake pads are sure to provide the reliable stopping power you need.

As a Type Brake Pad, this Volkswagen Brake Pad Set is designed to fit seamlessly into your vehicle's braking system. With a factory number of ZK-01014, you can be sure that these brake pads are made to the highest standards of quality and performance.

Quantity	4 Pieces

### Applications:

The Herito brand prides itself on manufacturing brake pads that are 10mm thick, ensuring that you get the best performance and durability. These VW front brake pads are an excellent choice for drivers who prioritize safety and reliability.

One of the standout features of this Volkswagen Brake Pad Set is the wear sensor included in the assembly, which alerts you when the pads are nearing the end of their life. This feature provides peace of mind and ensures that you're always driving with optimal brake performance.

Whether you're commuting to work or embarking on a long road trip, the Herito Volkswagen Brake Pad Set is a perfect fit for your driving needs. This product is ideal for drivers who want a hassle-free installation process as it is an OEM replacement.

This brake pad set is not slotted, which makes it an excellent choice for daily driving. The Herito Volkswagen Brake Pad Set is durable and can withstand different weather conditions and driving scenarios.

In conclusion, if you're looking for a reliable brake pad set for your Volkswagen Santana2000, the Herito Volkswagen Brake Pad Set is an excellent choice. This product offers excellent value for money and is an ideal choice for drivers who prioritize safety and durability.

### Support and Services:

The Volkswagen Brake Pad Set is designed to provide reliable and consistent braking performance for your Volkswagen vehicle. Our Brake Pad Set is manufactured to meet the highest quality standards and tested extensively to ensure its durability and safety.

If you have any questions or concerns about the installation or performance of your Volkswagen Brake Pad Set, our technical support team is available to assist you. We also offer a range of services, including brake pad replacement and maintenance, to keep your Volkswagen vehicle operating at peak performance.

At Volkswagen, we are committed to providing our customers with the highest level of support and service. If you need any assistance with your Volkswagen Brake Pad Set, please do not hesitate to contact us.

**Packing and Shipping:**

**Product Packaging:**  
The Volkswagen Brake Pad Set comes in a sturdy and durable cardboard box to ensure the product's safety during shipping and storage. The box is labeled with the product name, image, and important information such as the model and year of the Volkswagen car it is compatible with.

**Shipping:**  
The Volkswagen Brake Pad Set will be shipped via standard ground shipping to the customer's provided address. The estimated delivery time will depend on the customer's location and selected shipping method. The product will be carefully packaged and handled to prevent any damage during transit.
