- Dimensions: 5.5 X 5.5 X 3 Inches
- Braking System: N
- Material: Ceramic
- Highlight: **Front Ceramic Brake Pad Set,  
Toyota Ceramic Brake Pad Set,  
Rear Ceramic Brake Pad Set**

## Product Description

### Product Description:

What sets this brake pad set apart is its ceramic material. Unlike traditional brake pads that are made of metallic materials, ceramic brake pads provide superior stopping power and produce less brake dust. This makes them an excellent choice for those looking for a cleaner and more efficient braking system.

Another great feature of this brake pad set is that it comes with clips. Brake pads with clips are known for their easy installation process, allowing you to replace your old brake pads in no time. The clips also ensure that the brake pads are securely in place, reducing the risk of any accidents or malfunctions.

Investing in the Toyota Brake Pad Set means investing in a high-quality product that will keep your vehicle safe on the road. With its ceramic material, brake pads with clips, and factory number ZK-11013, you can be sure that you're getting a product that is reliable and effective. So why wait? Upgrade your vehicle's braking system today with the Toyota Brake Pad Set.

### Features:

Product Name: Toyota Brake Pad Set

Quantity: 4 Pieces

Position: Front And Rear

Oem: 04466-12130

Weight: 2.5 Pounds

Oe Number: 04465-35290

### Applications:

The OE number 04465-35290 ensures that these brake pads are the correct fit for your vehicle, while the OEM 04466-12130 means that they are made to the same high standards as the original equipment on your Toyota. The braking system is N, which indicates that these brake pads are suitable for use in normal driving conditions.

The ZKZB 201562 brake pads are interchangeable with part number 04465-35290, D1210 and ACT1210. This makes them a versatile choice for Toyota owners who need good brake pads that can be easily swapped out.

These brake pads are suitable for a range of application occasions and scenarios. They are ideal for everyday use, such as commuting to work or running errands around town. They are also suitable for longer journeys, such as road trips or vacations. Whether you are driving on the highway or on winding country roads, these brake pads will provide reliable stopping power when you need it most.

The ZKZB 201562 brake pads with clips are an essential part of your Toyota's braking system. They offer excellent performance, durability, and value for money, making them an excellent choice for Toyota owners who want to maintain their vehicle's safety and reliability. If you need good brake pads for your Toyota, look no further than ZKZB.

### Customization:
