Product Description

Product Description:

The set includes brake pads for both front and rear positions, making it a complete package for your vehicle's brake system. You won't have to worry about purchasing separate brake pads for different positions since this product has you covered. Additionally, shims are included with the VW Brake Pad Kit to prevent noise and vibration, ensuring a comfortable driving experience.

The Ceramic material used in making this Volkswagen Brake Pad Set makes it stand out from other brake pads in the market. Ceramic brake pads are known to be more durable and long-lasting than other types of brake pads. They also produce less dust, keeping your Volkswagen car cleaner. With this product, you won't have to worry about frequent brake pad replacements, giving you peace of mind while driving.

The VW Brake Pad Kit also comes with a 1-year warranty, providing you with an added layer of protection in case of any defects or issues with the product. This warranty ensures that you get the best value for your money and can trust the product's quality and reliability.

In summary, if you're looking for a high-quality brake pad set for your Volkswagen car, the Volkswagen Brake Pad Set is an excellent choice. This VW Brake Pad Kit is an OEM replacement that comes with both front and rear brake pads, shims, and a 1-year warranty. Made with Ceramic material, this product provides excellent stopping power, durability, and less dust compared to other brake pads in the market. Get your hands on this Volkswagen Performance Brake Pad Set now and experience a safer and more comfortable driving experience.
