- Shims: Included
- Highlight: **7M3698151A Volkswagen Brake Pad Set, 10mm Volkswagen Brake Pad Set, Rear Volkswagen Brake Pad Set**

Product Description

Product Description:

The brake pads are made of high-quality ceramic, which ensures superior durability and performance. Ceramic brake pads are known for their resistance to wear and tear, making them a popular choice among car owners.

The Volkswagen Brake Pad Set has a Factory No of ZK-01001, indicating that it is a genuine product made by Volkswagen. This brake pad set is an excellent choice for those who want to ensure the quality and reliability of their vehicle's braking system.

The OE Number of this product is 5Q0698151G, which means that it is an OEM brake pad set. OEM stands for Original Equipment Manufacturer, which means that this product is made by the same manufacturer that produced the original brake pads that came with your Volkswagen vehicle.

By choosing the Volkswagen Brake Pad Set, you can be confident that you are getting a product that is specifically designed for your vehicle. This brake pad set has been rigorously tested to ensure that it meets Volkswagen's high standards for quality and performance. Overall, the Volkswagen Brake Pad Set is a reliable and high-quality replacement for your worn-out brake pads. It is a Volkswagen Genuine Brake Pad Set that is made with ceramic material, has a Factory No of ZK-01001, and an OE Number of 5Q0698151G. This product provides comprehensive coverage for both front and rear positions, ensuring that your vehicle's braking system performs at its best.

Fmsi:	D768(A)

Applications:

These brake pads are designed for both the front and rear positions, making them a versatile option for Volkswagen New Bora owners. Whether you need to replace all four brake pads or just the front or rear set, the Herito 201562 Volkswagen Disc Brake Pad Set has you covered.

One of the key benefits of using genuine Volkswagen brake pads is that they are specifically designed for Volkswagen vehicles. This ensures that the brake pads fit perfectly and provide optimal performance. Additionally, using genuine Volkswagen parts helps maintain the value and reliability of your vehicle.

The Herito 201562 Volkswagen Disc Brake Pad Set is ideal for a variety of occasions and scenarios. If you notice that your Volkswagen New Bora's brakes are starting to squeak or make other unusual noises, it may be time to replace the brake pads. Similarly, if you notice that your vehicle's braking performance is decreasing, it may be time for new brake pads.

Whether you're a professional mechanic or a DIY enthusiast, the Herito 201562 Volkswagen Disc Brake Pad Set is easy to install. Simply remove the old brake pads and replace them with the Herito 201562 set. This will help ensure that your Volkswagen New Bora's brakes are working at their best.

Overall, the Herito 201562 Volkswagen Genuine Brake Pad Set is a reliable, high-quality option for Volkswagen New Bora owners. Made of ceramic material and designed specifically for Volkswagen vehicles, these brake pads are built to last and provide optimal braking performance. If you're in need of new brake pads for your Volkswagen New Bora, the Herito 201562 set is definitely worth considering.
