Product Description

Product Description:

One of the standout features of this brake pad set is its Akebono braking system. This system is known for its superior performance and reliability, making it a popular choice among automotive enthusiasts and professionals alike. With this brake pad set, you can rest assured that your vehicle will be able to stop quickly and effectively, even in emergency situations.

In addition to its impressive braking system, this Nissan Vehicle Brake Pad Set also comes with a 1-year warranty. This means that if you encounter any issues with the product, you can return it for a replacement or refund. This gives you peace of mind and ensures that you get the most value for your money.

The Manufacturer Part Number for this brake pad set is D1060-9N00A, and the OEM part number is 41060-7Z025. This means that the brake pads are designed to fit perfectly in your Nissan vehicle, ensuring that they function properly and provide optimal performance. Plus, with their easy installation process, you can have your brakes working like new in no time.

Overall, the Nissan Automotive Brake Pad Set is a top-of-the-line product that is perfect for anyone who wants to ensure that their vehicle's braking system is in top condition. With its Akebono braking system, 1-year warranty, and easy installation process, it's easy to see why so many Nissan owners choose this brake pad set for their vehicles. So if you're in the market for new brake pads, be sure to consider this product as your top choice.
