- Model Number: 01010
- Minimum Order Quantity: 100
- Price: USD5.00-25.00
- Packaging Details: Shipping packing
- Supply Ability: 4000000 sets/ year

Product Specification

- Type: Brake Pad
- Oe Number: D10609N00A
- Oem: 41060-7Z025
- Fmsi: D815
- Manufacturer Part Number: D1060-9N00A
- Compatibility: Nissan Vehicles
- Interchange Part Number: D10609N00A
- Item Weight: 3.2 Pounds
- Highlight: **D815 Nissan Brake Pad Set,
Teana Nissan Brake Pad Set,
Nissan Akebono Brake Pad Set**

Product Description

Product Description:

The Nissan Brake Pad Set is an excellent choice for those who are looking for a replacement brake pad set for their Nissan car. This brake pad set is designed to meet the highest standards of quality and performance, and it is an excellent choice for those who want to maintain the performance and safety of their car.

The Nissan Brake Pad Set is also an excellent choice for those who are looking for a replacement brake pad set for their Nissan 4x4. This brake pad set is designed to provide reliable and efficient braking performance, even in the toughest driving conditions. It is an excellent choice for those who want to ensure the safety and reliability of their Nissan 4x4.

The Nissan Brake Pad Set comes with an interchange part number of D10609N00A, which means that it can be used as a replacement for other brake pad sets that have the same part number. This makes it an excellent choice for those who are looking for a versatile and reliable brake pad set that can be used in a variety of different applications.

The Nissan Brake Pad Set is designed to work with the Akebono braking system, which is known for its high performance and reliability. This braking system is used in many different types of vehicles, including high-performance sports cars and heavy-duty trucks. The fact that this brake pad set is designed to work with the Akebono braking system is a testament to its quality and reliability.

The Nissan Brake Pad Set has an item weight of 3.2 pounds, which makes it a lightweight and easy-to-install brake pad set. This weight also makes it an excellent choice for those who are looking for a brake pad set that will not add unnecessary weight to their vehicle.

In conclusion, the Nissan Brake Pad Set is an excellent choice for those who are looking for a reliable and efficient replacement for their Nissan Teana brake pads. It is an OEM product, and the part number for this brake pad set is 41060-7Z025. It is also an excellent choice for those who are looking for a replacement brake pad set for their Nissan car or Nissan 4x4. The Nissan Brake Pad Set is designed to meet the highest standards of quality and performance, and it is an excellent choice for those who want to maintain the performance and safety of their vehicle.

Technical Parameters:

Manufacturer Part Number	D1060-9N00A
Position	Front
Model	Nissan Teana
Oe Number	D10609N00A
Type	Brake Pad
Item Weight	3.2 Pounds
Compatibility	Nissan Vehicles
Braking System	Akebono
Oem	41060-7Z025
Product Dimensions	8.6 X 5.4 X 3.4 Inches

Applications:

These Nissan Car Brake Pad Set are made of ceramic material and are designed to withstand high temperatures, making them ideal for high-performance driving. With their advanced ceramic formulation, they reduce brake dust, noise and vibration, and provide excellent stopping power even under heavy loads.

The ZKZB 01010 Nissan High Friction Brake Pad Set is durable and reliable, making it a perfect choice for everyday use. It is easy to install, and the product comes with a 1-year warranty. This Brake Pad Set is built to last and will provide you with a safe and comfortable driving experience.

The Nissan Brake Pad Set is perfect for various application occasions and scenarios. It is suitable for Nissan cars and can be used for daily driving, highway driving, and even racing. It is perfect for those who need high-performance brakes that can deliver excellent stopping power under all conditions.

Whether you are a professional mechanic or a car enthusiast, the ZKZB 01010 Nissan Brake Pad Set is a must-have for your Nissan vehicle. It is a high-quality product that is both reliable and affordable. So, if you are looking for a Brake Pad Set that can provide superior stopping power, extended pad life, and quiet braking performance, look no further than the ZKZB 01010 Nissan High Friction Brake Pad Set.
