Product Description

Product Description:

With OEM number 04465-60280, these brake pads are the perfect replacement for your worn out or damaged brake pads. They are designed to match the exact specifications of your Toyota Prado, ensuring a perfect fit and optimal performance.

The dimensions of these brake pads are 6 X 6 X 6 inches, making them the perfect size for your Toyota Prado. They are easy to install and will fit seamlessly into your vehicle's brake system.

These brake pads have a friction coefficient of 0.35, which means they offer excellent stopping power and are ideal for everyday driving. They are designed to provide consistent and reliable performance, ensuring your safety on the road.

These brake pads have a factory number of ZK-11007, which ensures that they are of the highest quality and have been rigorously tested to meet Toyota's strict standards. You can trust that these brake pads will provide excellent performance and durability, even in the most challenging driving conditions.

So if you're looking for good brake pads for your Toyota Prado, look no further than our Toyota Brake Pad Set. With their OEM number, perfect dimensions, excellent friction coefficient, and factory number, these brake pads are the ideal replacement for your worn out or damaged brake pads. Order yours today and enjoy safe and reliable braking performance on the road!

Applications:

Our ZKZB Brake Pad Set is made from ceramic material, making it highly resistant to wear and tear. The set includes 2 front brake pads and 2 rear brake pads, so you'll have everything you need to upgrade your Toyota's braking system.

One of the standout features of our ZKZB Brake Pad Set is its noise reduction capabilities. Thanks to its advanced design, this set is able to significantly reduce noise and vibrations while braking.

The ZKZB Brake Pad Set also boasts a high friction coefficient of 0.35, which means you'll be able to stop your Toyota quickly and safely. And with a thickness of 0.5 inches, these brake pads are built to last.

Worried about high temperatures damaging your brakes? The ZKZB Brake Pad Set is heat-resistant, ensuring consistent performance even in extreme temperatures.

So whether you're driving in the city or hitting the open road, the ZKZB Brake Pad Set is the perfect choice for your Toyota. And with brake pads that come with clips, installation is a breeze.

Order your ZKZB Brake Pad Set today and experience the difference in your Toyota's braking performance!

Customization:

Originating from China, this brake pad set is suitable for both the front and rear positions of your Toyota. With a thickness of 0.5 inches, it provides excellent heat resistance and noise reduction, ensuring a smooth and safe driving experience. Made in Germany, this brake pad set is of high quality and reliability. Upgrade your Toyota's braking performance with ZKZB Brake Pad Set - the perfect choice for your rear brake pad needs.

Support and Services:

The Toyota Brake Pad Set is designed to provide reliable stopping power and smooth braking performance for your Toyota vehicle. The brake pad set is made from high-quality materials that are engineered to last and withstand daily wear and tear. The set includes all the necessary components for a complete brake pad replacement, including shims and hardware.

If you have any questions or concerns about the Toyota Brake Pad Set, our technical support team is available to assist you. Our knowledgeable representatives can provide guidance on installation, maintenance, and troubleshooting to ensure you get the most out of your brake pad set.

In addition to technical support, Toyota also offers a range of services to help keep your vehicle running smoothly. These services include regular maintenance, repairs, and genuine Toyota parts replacements. With our commitment to quality and customer satisfaction, you can trust Toyota to provide reliable products and services for your vehicle.

Packing and Shipping:

Product Packaging:

The Toyota Brake Pad Set comes in a sturdy cardboard box with the Toyota logo prominently displayed on the front. Inside the box, the brake pads are securely packed in a molded plastic tray to prevent any damage during transport.

Shipping:

All orders of the Toyota Brake Pad Set are shipped via standard ground shipping. The package will be delivered within 5-7 business days from the date of purchase. Customers will receive a tracking number via email once the package has been shipped.
