Product Description

Product Description:

One of the key features of our brake pads is their noise reduction capabilities. No one likes the sound of squeaky brakes, and with our brake pads, you won't have to worry about that annoying noise. Our noise reduction technology ensures quiet operation, so you can enjoy a peaceful ride.

In addition to their noise reduction capabilities, our brake pads are also designed for optimal thickness. At 0.5 inches, they provide the perfect balance between durability and performance. You can rely on our brake pads to provide long-lasting stopping power, even in the most challenging driving conditions.

Our brake pads are specifically designed to fit Toyota Prado models, so you can be confident that they will work seamlessly with your vehicle. We understand the importance of good brake pads, which is why we have gone to great lengths to ensure that ours are of the highest quality.

At only 3 pounds in weight, our Toyota Brake Pad Set is easy to install and won't add any unnecessary weight to your vehicle. Whether you're a professional mechanic or a DIY enthusiast, our brake pads are a great choice for anyone looking for good brake pads for their Toyota.
