- Model Number: 01010

### Product Specification

- Fitment: Direct Fit
- Product Dimensions: 8.6 X 5.4 X 3.4 Inches
- Position: Front
- Friction Level: Low
- Braking System: SUM
- Factory No: ZK-22008
- Type: Brake Pad
- Model: Nissan Bluebird
- Highlight: **Optimal Performance Nissan Brake Pad Set ,  
Direct Fit Nissan Brake Pad Set ,  
8.6 X 5.4 X 3.4 Inches Nissan Automotive Brake  
Pad Set**

## Product Description

### Product Description:

Welcome to our product summary for the Nissan Performance Brake Pad Set designed specifically for the Nissan Bluebird model. This ceramic brake pad set is a top-quality product that ensures optimal performance and safety for your vehicle.

The Nissan Performance Brake Pad Set is a direct fit for easy installation, making it convenient for both professional mechanics and DIY enthusiasts. With a friction level rated as low, these brake pads provide smooth and quiet braking performance, perfect for everyday driving and commuting.

Measuring at a thickness of 10mm, these brake pads offer durability and longevity, ensuring reliable braking power for an extended period. The interchange part number D10609N00A further confirms the compatibility and reliability of these brake pads with the Nissan Bluebird model.

Whether you are looking to replace your old brake pads or upgrade to a high-quality set, the Nissan Performance Brake Pad Set is an excellent choice. Its ceramic construction offers superior heat dissipation and fade resistance, enhancing overall braking performance.

When it comes to safety and performance, investing in quality brake pads is crucial. The Nissan 4x4 Brake Pad Set provides the confidence and assurance you need when driving your Nissan Bluebird. With a focus on precision engineering and reliability, these brake pads deliver consistent stopping power in various driving conditions.

Ensure your vehicle's braking system is in top condition with the Nissan Performance Brake Pad Set. Whether you are navigating city streets or cruising on the highway, these brake pads offer reliable and efficient braking performance, giving you peace of mind on the road.

Looking for ceramic brake pads wholesale? The Nissan Performance Brake Pad Set is a cost-effective solution that combines quality and affordability. With its low friction level and dependable performance, these brake pads offer exceptional value for money, making them a smart choice for budget-conscious drivers.

In conclusion, the Nissan Performance Brake Pad Set is a premium aftermarket product designed to meet the high standards of Nissan vehicles. With its direct fitment, low friction level, and interchange part number D10609N00A, these brake pads offer a perfect match for the Nissan Bluebird model. Upgrade your braking system today with the Nissan 4x4 Brake Pad Set and experience enhanced safety and performance on the road.

### Features:

Product Name: Nissan-Brake Pad Set

Thickness: 10mm

Length: 100mm

Product Dimensions: 8.6 X 5.4 X 3.4 Inches

Color: Black

Fitment: Direct Fit

### Technical Parameters:

Oe Number	D10609N00A
Color	Black
Type	Brake Pad
Interchange Part Number	D10609N00A
Thickness	10mm
Length	100mm
Position	Front
Manufacturer Part Number	D1060-9N00A
Factory No	ZK-22008
Compatibility	Nissan Models

### Applications:

ZKZB 01010 Nissan Upgraded Brake Pad Set is a high-quality product designed for Nissan Bluebird models. Made in China, these ceramic brake pads are specifically crafted for optimal performance and durability, providing a reliable braking system for your vehicle.

Whether you are a car enthusiast looking to upgrade your Nissan Bluebird's braking system or a mechanic in need of top-notch brake pads for your clients, the ZKZB 01010 Brake Pad Set is the perfect choice.
