- Brand Name: FORD
- Model Number: 201562

### Product Specification

- Model: Explorer 2020
- Compatibility: Ford Vehicles
- Type: Brake Pad
- Installation Method: Bolt-on
- Manufacturer Part Number: FD-BP-SET-001
- Interchange Part Number: FD-67890
- Vehicle Compatibility: Ford Vehicles
- Warranty: 1 Year
- Highlight: **Front Ceramic Ford Brake Pad Set ,  
Explorer 2020 Ford Brake Pad Set ,  
Rear Ceramic Ford Brake Pad Set**

## Product Description

### Product Description:

Introducing the Ford Brake Pad Set, the perfect solution for Ford vehicle owners looking for top-quality brake pads. With an easy bolt-on installation method, these brake pads are designed to provide optimal performance and safety for your vehicle. These Ford Low Dust Brake Pads are specifically engineered to deliver exceptional braking power while minimizing dust accumulation. Say goodbye to messy wheels and enjoy a cleaner driving experience with these best brake pads. The OEM part number for these brake pads is 306835598, ensuring compatibility and seamless integration with your Ford vehicle. The manufacturer part number is FD-BP-SET-001, guaranteeing authenticity and quality. Weighing only 2.5 pounds, these brake pads are lightweight yet durable, offering long-lasting reliability and efficiency. Designed for Ford vehicles, these brake pads are the ideal choice for drivers who prioritize safety and performance. Upgrade your braking system with the Ford Brake Pad Set and experience the difference in stopping power and overall driving experience. Trust in the best brake pads for your Ford vehicle and enjoy peace of mind on the road.

### Features:

Product Name: Ford Brake Pad Set  
Material: Ceramic  
Noise Reduction Technology: Yes  
FMSI: D910  
Model: Explorer 2020  
Installation Method: Bolt-on

### Technical Parameters:

Braking System	Ate-Teves
Position	Front And Rear
Model	Explorer 2020
Manufacturer Part Number	FD-BP-SET-001
Weight	2.5 Pounds
Oem	306835598
Type	Brake Pad
Vehicle Compatibility	Ford Vehicles
Installation Method	Bolt-on
Compatibility	Ford Vehicles

### Applications:

When it comes to ensuring optimal braking performance for your Ford vehicle, the Ford Brake Pad Set (Model Number: 201562) is the perfect solution. Manufactured in China, these brake pads are designed to meet the high standards set by Ford, making them a reliable choice for your vehicle. Designed for both the front and rear positions, the Ford Brake Pad Set is specifically tailored for the Explorer 2020 model, ensuring a perfect fit and compatibility. The braking system used in these pads is Ate-Teves, further enhancing their performance and reliability. One of the key features of the Ford Brake Pad Set is its low dust formulation. These Ford Low Dust Brake Pads are engineered to minimize brake dust, keeping your wheels cleaner for longer periods. This not only enhances the appearance of your vehicle but also reduces maintenance requirements. Whether you are driving in urban areas, highways, or rough terrains, the Ford Brake Pad Set (OEM: 306835598) provides consistent and reliable braking performance. Their compatibility with various Ford vehicles ensures that you can enjoy the same level of quality and safety across different models. From daily commutes to long road trips, the Ford Brake Pad Set is suitable for a wide range of driving conditions. Whether you are a Ford enthusiast or simply looking for high-quality brake pads for your vehicle, these Ford Low Dust Brake Pads offer a perfect balance of performance, durability, and reliability.
