Stopping Performance Ford Brake Pad Set**

## Product Description

### Product Description:

The Ford Brake Pad Set is a must-have product for Ford vehicle owners looking for top-notch braking performance. These Ford Low Dust Brake Pads are designed to deliver exceptional stopping power while minimizing dust buildup, making them the best brake pads for your beloved Ford vehicle.

Compatibility is a key factor when choosing brake pads, and this set is specifically designed for Ford vehicles. Whether you own a Ford car, truck, or SUV, you can trust that these brake pads will be a perfect fit for your vehicle.

When it comes to installation, the bolt-on method ensures a hassle-free process. You can easily replace your old brake pads with this set without the need for any specialized tools or equipment. This user-friendly installation method makes upgrading to these ceramic brake pads a breeze.

The material used in these brake pads is ceramic, known for its superior performance and durability. Ceramic brake pads offer excellent braking power, smooth operation, and reduced noise compared to traditional brake pad materials. With these ceramic brake pads, you can enjoy a quiet and comfortable driving experience.

Whether you need brake pads for the front or rear of your Ford vehicle, this set has you covered. The Ford Brake Pad Set includes pads for both the front and rear positions, ensuring comprehensive brake system coverage. You can replace all your brake pads with this set to achieve consistent braking performance.

Looking for the best brake pads that offer reliability and quality? The Ford Brake Pad Set is the ideal choice. Its interchange part number, FD-67890, ensures compatibility with a wide range of Ford vehicles, giving you peace of mind knowing that you are getting a reliable and high-quality product.

### Features:

Product Name: Ford Brake Pad Set

Fmsi: D910

Interchange Part Number: FD-67890

Model: Explorer 2020

### Technical Parameters:

Type	Brake Pad
Position	Front And Rear
Interchange Part Number	FD-67890
Compatibility	Ford Vehicles
Model	Explorer 2020
Oem	306835598
Weight	2.5 Pounds
Fmsi	D910
Braking System	Ate-Teves
Warranty	1 Year

### Applications:

Ford Low Dust Brake Pads are a high-quality product designed specifically for the Ford Explorer 2020 model. With the model number 201562 and Fmsi D910, these brake pads are guaranteed to provide excellent performance and durability. Made from ceramic material, these brake pads are known for their superior braking capabilities and low dust output.

These Ford Low Dust Brake Pads are suitable for a wide range of application occasions and scenarios. Whether you are driving in urban areas, on highways, or off-road, these brake pads will ensure reliable and consistent braking performance. The Ate-Teves braking system integrated into these brake pads further enhances their effectiveness, making them ideal for various driving conditions.

Manufactured in China, these Ford brake pads uphold the brand's reputation for quality and reliability. The one-year warranty provided with these brake pads gives customers peace of mind, knowing that they are investing in a product that is backed by the manufacturer. Whether you are a daily commuter, a weekend adventurer, or a professional driver, these Ford Low Dust Brake Pads are a perfect choice for your Ford Explorer 2020. Experience smooth and responsive braking with these high-performance brake pads, designed to meet the demands of modern driving.

### Customization:

Enhance your driving experience with our top-of-the-line Ford Brake Pad Set. Designed for optimal performance and durability, these brake pads are the perfect choice for your vehicle.

Product Attributes:

**Brand Name:** FORD
