Basic Information

- Brand Name: FORD
- Model Number: 201562

Product Specification

- Manufacturer Part Number: FD-BP-SET-001
- Braking System: Ate-Teves
- Oem: 306835598
- Installation Method: Bolt-on
- Position: Front And Rear
- Weight: 2.5 Pounds
- Interchange Part Number: FD-67890
- Warranty: 1 Year
- Highlight: **Smooth Braking Performance Ford Brake Pads,
Bolt-on Installation Ford Brake Pads,
Long-lasting Ford Brake Pads**

Product Description

Product Description:

One of the standout features of this brake pad set is its warranty of 1 year, giving you peace of mind and assurance of its durability and quality. You can trust that these brake pads are built to last and will deliver consistent performance throughout their lifespan.

Constructed with high-quality ceramic material, these brake pads offer superior stopping power and excellent heat resistance, making them ideal for various driving conditions. The ceramic material also helps reduce noise and vibrations, providing a quiet and comfortable driving experience.

The Fmsi code D910 further signifies the quality and compatibility of these brake pads, ensuring that they meet industry standards and specifications for optimal performance. You can trust that these brake pads have been rigorously tested and approved for use on your Ford vehicle.

When it comes to installation, the Ford Brake Pad Set offers a convenient bolt-on method, making it easy to replace your old brake pads without the need for complicated tools or special skills. With straightforward installation instructions, you can quickly and easily upgrade your braking system with these high-quality brake pads.

Whether you're commuting to work, running errands, or embarking on a road trip, having the best brake pads is essential for your safety and the safety of others on the road. The Ford Brake Pad Set provides reliable performance, durability, and peace of mind, making it one of the best brake pad options available for your Ford vehicle.

Features:

Product Name: Ford Brake Pad Set

Braking System: Ate-Teves

Warranty: 1 Year

Position: Front And Rear

Manufacturer Part Number: FD-BP-SET-001

Material: Ceramic

Technical Parameters:

Installation Method	Bolt-on
Position	Front And Rear
Material	Ceramic
Braking System	Ate-Teves
OEM	306835598
Manufacturer Part Number	FD-BP-SET-001
FMSI	D910
Weight	2.5 Pounds
Interchange Part Number	FD-67890
Type	Brake Pad

Applications:

When it comes to ensuring the safety and performance of your Ford vehicle, choosing the best brake pads is crucial. The Ford Brake Pad Set, model number 201562, is a top-quality product designed to deliver exceptional braking performance for Ford vehicles.

Manufactured in China, these brake pads are made from high-quality ceramic material, known for its durability and reliability. The use of ceramic material ensures that the brake pads have excellent heat dissipation properties, reducing the risk of brake fade and ensuring consistent braking performance.

The Ford Brake Pad Set is interchange part number FD-67890 and OEM number 306835598, making it a perfect fit for Ford vehicles. Its FMSI number D910 further emphasizes its compatibility and suitability for use in various Ford models.

Whether you are driving a Ford sedan, SUV, or truck, these brake pads are designed to meet the specific braking requirements of Ford vehicles. From everyday city driving to more demanding off-road adventures, the Ford Brake Pad Set provides reliable and consistent braking performance in a wide range of driving scenarios.

Whether you are navigating busy city streets or cruising on the highway, you can count on the Ford Brake Pad Set to deliver responsive braking and enhanced safety for you and your passengers. Its superior braking capabilities make it the ideal choice for both daily commuting and long-distance travel.

So, if you are looking for the best brake pads to maintain the safety and performance of your Ford vehicle, the Ford Brake Pad Set is the perfect choice. Trust in its quality, reliability, and compatibility to keep your Ford vehicle running smoothly and safely on the road.

Customization:

The Ford Brake Pad Set (Model Number: 201562) offers the best brake pads solution for your vehicle. Designed and manufactured by FORD in China, these Ford Low Dust Brake Pads are suitable for both front and rear positions. Featuring Noise Reduction Technology,

these ceramic brake pads weigh 2.5 pounds and are identified by FMSI code D910. Upgrade your braking experience with the reliable performance of these best brake pads.
