Basic Information

- Brand Name: Herito
- Model Number: 201562

Product Specification

- Folding: No
- Type: Brake Pad
- Special Features: Low Dust, Low Noise, High Performance
- Item Weight: 3.09 Pounds
- Factory No: ZR-18001
- Product Dimensions: 8.5 X 5.6 X 2.6 Inches
- Country Of Origin: United Kingdom
- Manufacturer Part Number: LR025739
- Highlight: **Safety Brake Pad Replacement,
LR025739 Brake Pad Replacement,
Safety land rover brake pad set**

Product Description

Product Description:

The Land Rover Brake Pad Set is a top-of-the-line product designed to provide exceptional braking performance for Land Rover vehicles. With an FMSI number of F927, OEM Part Number LR025739, and Manufacturer Part Number LR025739, these brake pads are specifically engineered to meet the high standards set by Land Rover.

One of the standout features of the Land Rover Brake Pad Set is its special attributes that set it apart from other brake pads on the market. These pads are designed to produce low dust, ensuring that your wheels stay clean and pristine even after extended use. Additionally, the low noise characteristic of these brake pads means you can enjoy a quieter driving experience compared to traditional brake pads. The high performance of the Land Rover Brake Pad Set ensures that your vehicle stops reliably and efficiently, enhancing both safety and driving pleasure.

Manufactured in the United Kingdom, the Land Rover Brake Pad Set is a testament to British engineering excellence. Land Rover vehicles are known for their superior performance and luxury, and these OEM brake pads are no exception. By choosing OEM brake pads like the Land Rover Brake Pad Set, you can be confident that you are getting the best brake pads specifically designed for your Land Rover vehicle.

When it comes to the safety and performance of your Land Rover, you should settle for nothing but the best. The Land Rover Brake Pad Set is engineered to provide optimal braking power, ensuring smooth and efficient stops every time. Whether you are navigating city streets or tackling off-road terrain, these brake pads deliver the reliability and performance you need.

In conclusion, the Land Rover Brake Pad Set with FMSI number F927, OEM Part Number LR025739, and Manufacturer Part Number LR025739 is the ideal choice for Land Rover owners looking for top-quality brake pads. With special features such as low dust, low noise, and high performance, these brake pads offer superior braking performance while maintaining a clean and quiet driving experience. Made in the United Kingdom, these OEM brake pads are designed to meet the high standards set by Land Rover, ensuring optimal safety and performance for your vehicle.

Features:

Product Name: Land Rover Brake Pad Set

Factory No: ZR-18001

Position: Front

Special Features: Low Dust, Low Noise, High Performance

Quantity: 4 Pieces

Type: Brake Pad

Applications:

Manufactured in China, the Herito Brake Pad Set (OEM Part Number: LR025739) is known for its special features that make it stand out among other brake pads in the market. With its low dust and low noise characteristics, this brake pad set ensures a smooth and quiet driving experience. Its high performance capabilities make it a top choice for drivers looking for reliable braking power.

The Herito Brake Pad Set is ideal for a wide range of application occasions and scenarios. Whether you are driving in urban traffic, cruising on the highway, or navigating challenging terrains, these brake pads deliver consistent braking performance to keep you safe on the road.
