### Basic Information

- Brand Name: ZKZB
- Model Number: 3225423

### Product Specification

- Manufacturer Part Number: DBP-001
- Position: Front And Rear
- Quantity: 4 Pieces
- Upc: 123456789012
- Material: Ceramic
- Oem: 96534653
- Package Quantity: 1 Set
- Silent Design: Chamfer Design
- Highlight: **1 Set Ceramic Brake Pads,  
Upc 123456789012 Ceramic Brake Pads,  
Ceramic Disc Brake Pad Set**

## Product Description

### Product Description:

The Disc Brake Pad Set is a crucial component for any vehicle's braking system. Weighing 2.5 pounds, this set of brake pads is designed to provide reliable and efficient braking performance. With a focus on reducing noise during braking, these pads feature a chamfer design that ensures a silent operation, making them ideal for daily driving and long journeys.

As a type of brake pad, this product offers exceptional durability and reliability, meeting the high standards of safety and performance.

The manufacturer part number for this Disc Brake Pad Set is DBP-001, ensuring compatibility and quality assurance. Additionally, the OEM number is 96534653, further indicating the authenticity and reliability of this product.

When it comes to choosing brake pads for your vehicle, it is essential to consider key factors such as performance, noise reduction, and longevity. The Disc Brake Pad Set excels in all these areas, making it a top choice for drivers who value safety and efficiency on the road. One of the standout features of these brake pads is their chamfer design, which plays a significant role in reducing noise and vibration during braking. This silent design ensures a smooth and quiet operation, enhancing the overall driving experience and comfort for both the driver and passengers.

Moreover, these brake pads are designed to work seamlessly with ceramic brake pads, providing optimal performance and longevity. The compatibility with ceramic brake pads further enhances the efficiency and effectiveness of the braking system, ensuring consistent and reliable braking performance in various driving conditions.

Whether you are a professional mechanic or a DIY enthusiast, having the right brake pad tool is essential for proper installation and maintenance. The Disc Brake Pad Set is compatible with a wide range of brake pad tools, making it easy and convenient to replace your old brake pads with this high-quality set.

Investing in quality brake pads is crucial for the safety and performance of your vehicle. The Disc Brake Pad Set offers a combination of durability, reliability, and efficiency, making it a smart choice for drivers who prioritize safety and comfort on the road. Upgrade your braking system with these premium brake pads and experience a smoother, quieter, and more responsive driving experience.

### Technical Parameters:

Product Dimensions	8.5 X 6.5 X 4.5 Inches
Type	Brake Pad
Hardware Included	Yes
Quantity	4 Pieces
UPC	123456789012
Package Quantity	1 Set
Manufacturer Part Number	DBP-001
FMSI	D1497
Heat Resistant	Yes
Position	Front And Rear

### Applications:

Manufactured in China, this brake pad set combines durability and performance to deliver reliable braking power. The ceramic brake pad material used in the construction of these pads offers excellent heat resistance, making them ideal for high-temperature driving conditions.

The ZKZB Disc Brake Pad Set is UPC certified with the code 123456789012, providing assurance of its quality and authenticity. With product dimensions of 8.5 x 6.5 x 4.5 inches, these disc brake pads are designed to fit securely and function optimally.

Whether you are driving in urban traffic or tackling challenging terrains, these good ceramic brake pads deliver consistent braking performance. The FMSI code D1497 further guarantees that these brake pads meet industry standards for safety and reliability.

These disc brake pads are suitable for a range of application occasions, including daily commuting, long-distance travel, and heavy-duty use. Their advanced ceramic construction ensures smooth and quiet braking, enhancing the overall driving experience.

Upgrade your vehicle's braking system with the ZKZB Disc Brake Pad Set to enjoy responsive and reliable stopping power. Whether you are a professional mechanic or a DIY enthusiast, these brake pads offer easy installation and long-lasting performance.

### Customization:

Customize your Disc Brake Pad Set with our Product Customization Services:

Brand Name: ZKZB

Model Number: 3225423

Place Of Origin: China

Model: 2010 Touareg V6 3.0T

UPC: 123456789012

Hardware Included: Yes

Silent Design: Chamfer Design

OEM: 96534653

Enhance your braking performance with our brake pad tool and experience the quality of the best brake pad brand featuring the best

brake pad material.

### Support and Services:

Our Product Technical Support and Services for the Disc Brake Pad Set include:

- Expert assistance with installation and compatibility questions
- Troubleshooting support for any issues related to the brake pads
- Information on proper maintenance and care to extend the lifespan of the brake pads
- Warranty coverage details and claims process

### Packing and Shipping:

Product Name: Disc Brake Pad Set

Description: High-quality disc brake pad set suitable for various vehicles.

Features:

Durable and long-lasting material

Provides excellent braking performance

Easy to install

Package Includes: Disc brake pads set

Shipping Information:

Shipping Method: Standard Shipping

Estimated Delivery: 5-7 business days

Shipping Cost: Free
