

## Direct Replacement Honda Brake Pads 10 X 5 X 3 Inches For Enhanced Durability

Our Product Introduction

for more products please visit us on [brakepadsset.com](http://brakepadsset.com)

### Basic Information

- Brand Name: Herito
- Model Number: 01208

### Product Specification

- Country Of Origin: Japan
- Friction Coefficient: 0.35
- Other Part Number: ABC123
- Package Contents: 4 Brake Pads
- Dimensions: 10 X 5 X 3 Inches
- Package Dimensions: 9.5 X 6.5 X 3 Inches
- Fitment Type: Direct Replacement
- Wear Sensor: Included
- Highlight: **Enhanced Durability Honda Brake Pads ,  
Direct Replacement Honda Brake Pads**

## Product Description

### Product Description:

With a fitment type of direct replacement, installing the Honda brake pads is quick and easy, allowing you to replace your worn-out pads with minimal hassle. The package includes 4 brake pads, providing a complete set to ensure all your front brakes are properly equipped for optimal performance.

One of the key features of the Honda Brake Pad Set is the included wear sensor, which alerts you when it's time to replace the pads, helping you maintain the safety and effectiveness of your braking system. This added convenience ensures that you can stay on top of your front brake pad maintenance and avoid any potential issues on the road.

Whether you're driving a Honda sedan, SUV, or truck, these front brake pads are designed to deliver consistent and reliable braking performance, giving you peace of mind during your daily commutes or long road trips. The ceramic material used in the construction of the pads offers excellent heat dissipation, reducing the risk of brake fade and ensuring consistent braking power in various driving conditions. Upgrade your Honda vehicle's braking system with the Honda Brake Pad Set and experience the benefits of premium-quality front brake pads that are specifically engineered for your vehicle's needs. Trust in the durability, performance, and safety provided by these front brake pads to enhance your driving experience and keep you and your passengers safe on the road.

### Technical Parameters:

Friction Coefficient	0.35
Quantity	4 Pieces
Thickness	0.5 Inches
Interchange Part Number	67890
Compatibility	Honda Vehicles
Fitment Type	Direct Replacement
Factory No	ZK-07004
Dimensions	10 X 5 X 3 Inches
Package Contents	4 Brake Pads
Wear Sensor	Included

### Applications:

The Herito Brake Pad Set (Model Number: 01208) is a high-quality automotive product designed for front brake applications.

Manufactured in China, this brake pad set includes 4 pieces, providing you with a complete solution for your front brake system.

These front brake pads are equipped with a wear sensor, ensuring timely replacement when needed to maintain optimal braking performance and safety on the road. The thickness of each pad is 0.5 inches, offering durability and longevity for extended use.

With a friction coefficient of 0.35, the Herito Brake Pad Set (Model Number: 01208) delivers reliable stopping power and consistent braking performance in various driving conditions. Whether you are driving in city traffic or on the highway, these front brake pads provide the confidence you need for a smooth and safe ride.

In addition to the model number 01208, this brake pad set also carries the other part number ABC123, ensuring compatibility and easy identification for your specific vehicle model. Whether you are a professional mechanic or a DIY enthusiast, the Herito Brake Pad Set is a practical and reliable choice for front brake maintenance and replacement.

Whether you drive a compact car, SUV, or truck, the Herito Brake Pad Set (Model Number: 01208) is suitable for a wide range of front brake applications. Upgrade your braking system with these high-quality front brake pads and enjoy enhanced performance, durability, and safety on the road.
