Product Description:

The Volkswagen Disc Brake Pad Set is a top-quality product designed to meet the braking needs of Volkswagen vehicles. This Volkswagen Genuine Brake Pad Set is specifically crafted for VW models, ensuring a perfect fit and optimal performance. Measuring at 8.5 X 7.5 X 3 inches, this VW Ceramic Brake Pad Kit is built to precise dimensions to guarantee compatibility and reliability. The width of 156mm and a height of 66mm ensure that these brake pads will seamlessly integrate into the braking system of your Volkswagen vehicle.

The factory number ZK-01006 signifies the authenticity and quality of this Volkswagen Brake Pad Set, assuring customers of its genuine origin and reliable performance. These brake pads are chamfered, adding an extra level of precision and safety to your braking system. When it comes to maintaining the safety and performance of your Volkswagen vehicle, investing in high-quality brake pads is essential. The Volkswagen Disc Brake Pad Set offers superior braking power, durability, and reliability, making it an ideal choice for VW owners looking to ensure optimal braking performance.

With its ceramic construction, this Volkswagen Genuine Brake Pad Set provides excellent heat dissipation and friction characteristics, resulting in consistent and reliable braking performance under various driving conditions. Whether you are cruising on the highway or navigating city streets, these brake pads will deliver the stopping power you need.

Upgrade your VW vehicle with the VW Ceramic Brake Pad Kit and experience enhanced braking performance and peace of mind on the road. Trust in the factory number ZK-01006 to deliver the quality and reliability you expect from genuine Volkswagen parts. Don't compromise on safety and performance when it comes to your Volkswagen vehicle. Choose the Volkswagen Disc Brake Pad Set for superior braking power, precision engineering, and peace of mind on every drive. Invest in your vehicle's braking system with the Volkswagen Genuine Brake Pad Set and enjoy the confidence that comes with using authentic VW parts.

Experience the difference that chamfered brake pads can make in your driving experience. The chamfered edges of these brake pads ensure smooth engagement, reduced noise, and improved pedal feel, enhancing the overall braking performance of your Volkswagen vehicle.

Ensure your Volkswagen vehicle stops reliably and effectively with the VW Ceramic Brake Pad Kit. These high-quality brake pads are designed to meet the exacting standards of VW, providing unmatched performance and durability for your driving needs.

Upgrade to the Volkswagen Disc Brake Pad Set today and discover the difference that genuine VW parts can make in your vehicle's braking performance. Trust in the factory number ZK-01006 for quality assurance and drive with confidence knowing that your Volkswagen is equipped with the best brake pads available.
