- Highlight: **Volkswagen Brake System Pad Set,
66mm Height Volkswagen Brake Pad Set**

Product Description

Product Description:

The Volkswagen Brake Pad Set is a high-quality product designed to provide optimal braking performance for your Volkswagen vehicle. This VW OEM Brake Pad Set is specifically engineered to meet the high standards set by Volkswagen, ensuring a perfect fit and reliable performance.

Hardware is included with this Volkswagen Performance Brake Pad Set, making installation quick and easy. The included hardware is of premium quality, ensuring a secure and long-lasting fit for your brake pads.

Constructed from ceramic material, these Volkswagen Aftermarket Brake Pads offer excellent durability and heat resistance. Ceramic brake pads are known for their quiet operation and low dust output, making them an ideal choice for daily driving and performance applications.

These brake pads do not feature slotted design, providing smooth and consistent braking performance. The absence of slots helps to maintain even brake wear and reduce noise during braking, offering a comfortable driving experience.

As a Brake Pad type product, this Volkswagen Brake Pad Set is designed to provide reliable stopping power in various driving conditions. Whether you are driving in city traffic or on the open highway, these brake pads will deliver consistent and responsive braking performance.

Shims are included with this Volkswagen Brake Pad Set, further enhancing the noise-reducing capabilities of the brake pads. The shims help to dampen vibrations and reduce brake noise, ensuring a quiet and smooth braking experience for you and your passengers.

Upgrade your Volkswagen's braking system with the Volkswagen Brake Pad Set for improved performance and safety. These high-quality brake pads are engineered to meet the strict standards of Volkswagen vehicles, providing peace of mind and confidence every time you hit the brakes.

Chamfered	Yes

Applications:

The Herito Volkswagen Disc Brake Pad Set model number 201562 is a high-quality product designed specifically for Volkswagen vehicles. Made in China at Factory No ZK-01006, this brake pad set is a reliable choice for VW owners looking for excellent performance and durability.

With a width of 156mm, these brake pads are engineered to fit perfectly and provide optimal braking efficiency for various Volkswagen models. The chamfered design ensures smooth and quiet braking operation, enhancing the overall driving experience.

Whether you are looking to upgrade your VW's braking system or simply need a replacement brake pad set, the Herito 201562 is a suitable choice. The included shims not only make installation easier but also help reduce noise and vibration, ensuring a comfortable and quiet ride.

From daily commuting to long road trips, this VW Brake Pad Kit is designed to perform well in various driving conditions. Whether you are navigating city streets or cruising on the highway, you can trust the Herito brake pad set to deliver reliable and consistent braking performance.

Keep your Volkswagen vehicle in top condition with the Herito Replacement Brake Pad Set. Designed for easy installation and long-lasting performance, these brake pads offer a cost-effective solution for maintaining your VW's braking system.

Customization:

Enhance your VW brake system performance with our Herito 201562 Brake Pad Set. Manufactured in China, this set includes 4 pieces of brake pads, each measuring 156mm in width. These brake pads are designed as VW Front Brake Pads, making them a perfect fit for your vehicle. The set is an OEM product ensuring quality and compatibility as a VW Replacement Brake Pad Set. The pads do not feature slots but come with included shims for easy installation. Upgrade your braking system with this premium Brake Pad set.
