### Basic Information

- Brand Name: ZKZB
- Model Number: ZK-81002

### Product Specification

- Heat Resistant: Yes
- Shims Included: Yes
- Easy To Install: Yes
- Size: Standard
- Type: Brake Pad
- Position: Front And Rear
- Manufacturer Part Number: ZK-11001
- Dimensions: 8.5 X 5.5 X 2.5 Inches
- Highlight: **Standard Ceramic Disc Brake Pad ,  
2.5 Pounds Disc Brake Pad Set,  
2.5 Pounds Ceramic Disc Brake Pad**

## Product Description

### Product Description:

The Disc Brake Pad Set is a high-quality automotive replacement brake pads designed to provide exceptional performance and reliability. Made from premium ceramic material, these brake pads offer superior durability and excellent stopping power, making them the best ceramic brake pads available in the market.

These OEM brake pads are specifically engineered to meet or exceed the performance of the original equipment manufacturer (OEM) brake pads, ensuring a perfect fit and reliable performance. Whether you are driving in city traffic or cruising on the highway, these brake pads deliver consistent and smooth braking performance.

One of the standout features of the Disc Brake Pad Set is its ease of installation. With a simple and straightforward installation process, these brake pads can be quickly and easily installed by both DIY enthusiasts and professional mechanics. Say goodbye to complicated and time-consuming brake pad installations – with these brake pads, you can get back on the road in no time.

Weighing at just 2.5 pounds, these brake pads are lightweight yet durable, providing a perfect balance of performance and longevity. The ceramic material used in these brake pads offers excellent heat dissipation and fade resistance, ensuring consistent performance even under extreme driving conditions.

Upgrade your vehicle's braking system with the Disc Brake Pad Set and experience the difference in stopping power and overall driving experience. Whether you drive a sedan, SUV, truck, or any other vehicle, these brake pads are the ideal choice for drivers who demand the best in performance, reliability, and safety.

### Features:

Product Name: Disc Brake Pad Set

Interchange Part Number: D1293 D1222

Oe Replacement: Yes

Manufacturer Part Number: ZK-11001

Dimensions: 8.5 X 5.5 X 2.5 Inches

Product Weight: 2.5 Pounds

### Technical Parameters:

Size	Standard
Shims Included	Yes
Dimensions	8.5 X 5.5 X 2.5 Inches
Heat Resistant	Yes
Type	Brake Pad
Interchange Part Number	D1293 D1222
Material	Ceramic
Color	Black
Product Type	Automotive Replacement Brake Pads
Position	Front And Rear

### Applications:

ZKZB Disc Brake Pad Set is a top-quality automotive replacement brake pads designed to provide exceptional performance and safety on the road. The model number ZK-81002 ensures compatibility and precision fit for a wide range of vehicles. Made in China, these black ceramic brake pads are known for their reliability and durability.

Whether you are a professional mechanic or a DIY enthusiast, the ZKZB Disc Brake Pad Set is easy to install, making the replacement process hassle-free. With OE replacement compatibility, you can trust that these brake pads will meet or exceed the performance of your original pads.

When it comes to choosing the best ceramic brake pads for your vehicle, ZKZB is a trusted brand known for its quality and reliability. The interchange part numbers D1293 and D1222 further attest to the compatibility and performance of these brake pads.

Whether you are driving in city traffic or cruising on the highway, ZKZB Disc Brake Pad Set offers superior braking performance and consistent stopping power. The black color adds a sleek and professional look to your vehicle, while the ceramic material ensures quiet operation and reduced dust accumulation.

From daily commuting to spirited driving, the ZKZB Disc Brake Pad Set is the ideal choice for drivers looking for the best brake pad brand. With a focus on quality and performance, these ceramic brake pads deliver reliable braking performance in all driving conditions.
