Off Road Vehicles Disc Brake Pad

Product Description

Product Description:

Discover the ultimate braking solution with our high-quality Disc Brake Pad Set. Crafted from premium ceramic material, these disc brake pads offer superior performance and durability, making them the ideal choice for your vehicle.

Designed to withstand high temperatures, these ceramic brake pads are heat resistant, ensuring optimal braking performance even in the most demanding conditions. Whether you're navigating city streets or tackling challenging terrain, our disc brake pads will deliver reliable and consistent stopping power.

With a versatile design, these disc brake pads are suitable for both the front and rear positions of your vehicle. This convenient feature allows you to easily upgrade your entire braking system with a single set of pads, ensuring a seamless and efficient installation process. Manufactured to the highest standards, our Disc Brake Pad Set comes with the Manufacturer Part Number ZK-11001, guaranteeing authenticity and quality. You can trust that you are investing in a reliable and reputable product that meets industry specifications and requirements.

Experience hassle-free maintenance with our easy-to-install disc brake pads. Whether you're a seasoned mechanic or a DIY enthusiast, you'll appreciate the simple and straightforward installation process of our ceramic brake pads. Say goodbye to complicated procedures and hello to smooth and efficient brake pad replacement.

Upgrade your vehicle's braking performance with our Disc Brake Pad Set. These ceramic disc brake pads offer exceptional quality, heat resistance, and ease of installation, making them the perfect choice for discerning drivers. Trust in our premium product to deliver reliable and consistent braking power whenever you hit the road.

Features:

Product Name: Disc Brake Pad Set

Interchange Part Number: D1293 D1222

Dimensions: 8.5 X 5.5 X 2.5 Inches

Heat Resistant: Yes

Manufacturer Part Number: ZK-11001

Color: Black

Technical Parameters:

Country/Region Of Manufacture	China
Product Type	Automotive Replacement Brake Pads
Interchange Part Number	D1293 D1222
Product Weight	2.5 Pounds
Color	Black
Manufacturer Part Number	ZK-11001
Position	Front And Rear
Heat Resistant	Yes
Oe Replacement	Yes
Type	Brake Pad

Applications:

ZKZB ZK-81002 Disc Brake Pad Set is a high-quality automotive replacement brake pads product made of ceramic material, ensuring reliable performance and durability. With dimensions of 8.5 X 5.5 X 2.5 inches and a standard size, these brake pads are designed to fit various vehicle models as OE replacements.

The ZKZB Disc Brake Pad Set is ideal for a wide range of product application occasions and scenarios due to its excellent features.

Whether you are a professional mechanic, car enthusiast, or DIYer, these good ceramic brake pads are suitable for different vehicles, including cars, trucks, and SUVs.

One of the key application scenarios for the ZKZB ZK-81002 brake pads is during routine brake maintenance and repair tasks. Whether you are replacing worn-out brake pads on your own vehicle or offering brake services to customers, these best ceramic brake pads provide reliable stopping power and enhanced safety on the road.

Automotive workshops and service centers can also benefit from using the ZKZB Disc Brake Pad Set for their brake pad replacement services. The ceramic material offers excellent performance in various driving conditions, making it a preferred choice for professional mechanics looking for top-quality brake pads.

Car owners looking to upgrade their vehicle's braking system can rely on the ZKZB ZK-81002 brake pads for improved stopping performance and reduced noise levels. These ceramic brake pads not only offer superior braking power but also enhance overall driving comfort and safety for daily commutes and long-distance trips.

Whether you are conducting brake pad inspections, installations, or replacements, having the right brake pad tool is essential. The ZKZB Disc Brake Pad Set is compatible with standard brake pad tools, making the installation process quick and hassle-free for both professionals and DIY enthusiasts.

Manufactured in China, the ZKZB ZK-81002 Disc Brake Pad Set meets international quality standards, ensuring that customers receive a

reliable and high-performance product for their automotive braking needs. Upgrade to these ceramic brake pads today for a smoother and safer driving experience.
