

## 8.5 X 5.5 X 2.5 Inches Lightweight Durable Disc Brake Pad Set For Smooth Maintenance

Our Product Introduction

for more products please visit us on [brakepadsset.com](http://brakepadsset.com)

### Basic Information

- Brand Name: ZKZB
- Model Number: ZK-81002

### Product Specification

- Material: Ceramic
- Shims Included: Yes
- Country/Region Of Manufacture: China
- Color: Black
- Dimensions: 8.5 X 5.5 X 2.5 Inches
- Oe Replacement: Yes
- Product Type: Automotive Replacement Brake Pads
- Product Weight: 2.5 Pounds
- Highlight: **Lightweight Disc Brake Pad Set ,  
Durable Disc Brake Pad Set ,  
Smooth Maintenance Ceramic Disc Brake Pad**

## Product Description

### Product Description:

The Disc Brake Pad Set is a high-quality product designed to provide reliable braking performance for your vehicle. These brake pads are specifically designed for both front and rear positions, making them a versatile choice for various vehicle types.

One of the key features of these disc brake pads is their material composition. Crafted from ceramic, these brake pads offer superior performance compared to traditional brake pad materials. Ceramic brake pads are known for being the best brake pad material available on the market due to their excellent heat dissipation, durability, and low noise levels.

The Manufacturer Part Number for this Disc Brake Pad Set is ZK-11001, ensuring compatibility and quality assurance. Additionally, the Interchange Part Numbers D1293 and D1222 further validate the compatibility of these brake pads with a wide range of vehicles.

When it comes to braking performance and safety, investing in high-quality brake pads is essential. The ceramic composition of these disc brake pads ensures smooth and reliable braking, providing you with peace of mind on the road.

Whether you are driving in urban traffic or on the open highway, having reliable brakes is crucial for your safety and the safety of others on the road. With these ceramic brake pads, you can enjoy consistent braking performance, reduced noise levels, and improved durability compared to conventional brake pad materials.

Upgrade your vehicle's braking system with the Disc Brake Pad Set and experience the benefits of premium ceramic brake pads. Say goodbye to squeaky brakes and inconsistent performance – these brake pads are designed to deliver optimal stopping power in various driving conditions.

Don't compromise on safety when it comes to your vehicle's brakes. Choose the best brake pad material available and equip your vehicle with these high-quality ceramic disc brake pads. With the Manufacturer Part Number ZK-11001 and Interchange Part Numbers D1293 and D1222, you can trust in the compatibility and performance of these brake pads.

Ensure your vehicle's braking system is in top condition with the Disc Brake Pad Set. Invest in quality, reliability, and performance with these ceramic brake pads designed for front and rear positions. Upgrade your driving experience today with these premium disc brake pads.

### Features:

Product Name: Disc Brake Pad Set

Shims Included: Yes

Size: Standard

Easy To Install: Yes

Position: Front And Rear

Product Type: Automotive Replacement Brake Pads

### Technical Parameters:

Shims Included	Yes
Size	Standard
Dimensions	8.5 X 5.5 X 2.5 Inches
Color	Black
Oe Replacement	Yes
Easy To Install	Yes
Manufacturer Part Number	ZK-11001
Product Weight	2.5 Pounds
Country/Region Of Manufacture	China
Material	Ceramic

### Applications:

ZKZB ZK-81002 Disc Brake Pad Set is a high-quality automotive replacement brake pad designed for various vehicles. Made in China, this product offers exceptional performance and durability, making it suitable for a wide range of application occasions and scenarios.

One of the key features of the ZKZB ZK-81002 Disc Brake Pad Set is its heat-resistant properties. The ceramic brake pads are designed to withstand high temperatures, providing reliable braking performance even under extreme conditions. This makes them the best ceramic brake pads for vehicles that undergo heavy-duty use or frequent braking.

With a weight of 2.5 pounds, these brake pads are lightweight yet sturdy, ensuring efficient braking without adding unnecessary bulk to the vehicle. The inclusion of shims further enhances the performance of the brake pads, reducing noise and vibration for a smoother driving experience.

The ZKZB ZK-81002 Disc Brake Pad Set is suitable for a wide range of vehicles, including cars, trucks, and SUVs. Whether for daily commuting, long-distance travel, or off-road adventures, these ceramic brake pads offer reliable and consistent braking performance.

Whether you are driving in city traffic, cruising on the highway, or navigating challenging terrains, the ZKZB ZK-81002 Disc Brake Pad Set provides the assurance of safe and effective braking. The ceramic brake pad material ensures optimal friction and wear resistance, resulting in longer pad life and reduced maintenance costs.

Overall, the ZKZB ZK-81002 Disc Brake Pad Set is a versatile and reliable automotive replacement brake pad that delivers superior

performance in various driving conditions. Its heat-resistant ceramic brake pads, lightweight design, and included shims make it the ideal choice for drivers looking for high-quality braking solutions.
