Basic Information

- Brand Name: ZKZB
- Model Number: ZK-81002

Product Specification

- Product Type: Automotive Replacement Brake Pads
- Manufacturer Part Number: ZK-11001
- Size: Standard
- Material: Ceramic
- Color: Black
- Shims Included: Yes
- Oe Replacement: Yes
- Country/Region Of Manufacture: China
- Highlight: **Automotive Replacement front brake pad set,
Ceramic front brake pad set,
Shims Included Ceramic Disc Brake Pad**

Product Description

Product Description:

The Disc Brake Pad Set is a high-quality automotive replacement brake pads product manufactured in China.. This set of disc brake pads is designed to provide excellent stopping power and durability, making it an essential component for maintaining the safety and performance of your vehicle.

These ceramic brake pads are specifically crafted to deliver superior braking performance, reduced noise, and extended pad life compared to traditional brake pads. The ceramic material used in these brake pads helps to dissipate heat more efficiently, resulting in more consistent and reliable braking performance, especially during heavy braking situations.

One of the key features of this Disc Brake Pad Set is its interchange part numbers D1293 and D1222, ensuring compatibility with a wide range of vehicles. Whether you are driving a sedan, SUV, truck, or crossover, these brake pads are designed to fit seamlessly and provide optimal braking performance.

When it comes to installation, these disc brake pads are easy to install, making it convenient for DIY enthusiasts and professional mechanics alike. With the right brake pad tool and basic automotive knowledge, you can quickly and effortlessly replace your old brake pads with this set, saving time and money on labor costs.

Size-wise, these disc brake pads come in a standard size that is suitable for most vehicle models, making them a versatile and practical choice for anyone in need of reliable brake pads. Whether you are performing routine maintenance or upgrading your braking system, these pads offer a perfect balance of performance and affordability.

In conclusion, the Disc Brake Pad Set is a top-of-the-line automotive replacement brake pads product that combines quality, performance, and ease of installation. With its ceramic construction, interchange part numbers D1293 and D1222, easy installation process, and standard size, these disc brake pads offer an excellent value for drivers looking to enhance their vehicle's braking performance and safety.

Features:

Product Name: Disc Brake Pad Set

Interchange Part Number: D1293 D1222

Easy To Install: Yes

Material: Ceramic

Color: Black

Manufacturer Part Number: ZK-11001

These Disc Brake Pad Sets are made of ceramic material, known for being some of the best ceramic brake pads available in the market.

With interchange part numbers D1293 and D1222, they are easy to install and come in a sleek black color. The manufacturer part number is ZK-11001, making them a top choice for those looking for the best brake pad brand and OEM brake pads.

Technical Parameters:

Color	Black
Country/Region Of Manufacture	China
Manufacturer Part Number	ZK-11001
Product Type	Automotive Replacement Brake Pads
Shims Included	Yes
Heat Resistant	Yes
Dimensions	8.5 X 5.5 X 2.5 Inches
Easy To Install	Yes
Material	Ceramic
Type	Brake Pad

Applications:

The ZKZB Disc Brake Pad Set (Model Number: ZK-81002) is a high-quality automotive replacement brake pad that is perfect for a wide range of product application occasions and scenarios. Made in China, this OE replacement product is designed to provide reliable and efficient braking performance.

One of the key features of the ZKZB Disc Brake Pad Set is its use of good ceramic brake pads. Ceramic brake pads are known for their excellent stopping power, durability, and low noise levels. These qualities make them ideal for various driving conditions and environments.

Whether you are commuting to work, running errands around town, or embarking on a long road trip, the ZKZB Disc Brake Pad Set offers consistent and dependable braking performance. Its standard size and dimensions of 8.5 x 5.5 x 2.5 inches ensure compatibility with a wide range of vehicles, making it a versatile choice for many car owners.

From city streets to highways, the ZKZB Disc Brake Pad Set excels in various scenarios. Its OE replacement design means you can trust in its quality and reliability, giving you peace of mind while driving. Whether you drive a sedan, SUV, or truck, these ceramic brake pads deliver the performance you need to stay safe on the road.

In summary, the ZKZB Disc Brake Pad Set is a top choice for anyone in need of high-quality ceramic brake pads. With its reliable braking

performance, compatibility with various vehicles, and OE replacement assurance, this product is a must-have for drivers looking for superior stopping power and durability.
