Basic Information

- Brand Name: ZKZB
- Model Number: ZK-81002

Product Specification

- Wear Sensor Included: Yes
- Product Dimensions: 8.5 X 6.5 X 4.5 Inches
- Oem: 55110-70A00
- Heat Resistant: Yes
- Warranty: 1 Year
- Dimensions: 8.5 X 5.5 X 2.5 Inches
- Type: Parking Brake
- Factory No: ZK-06004
- Highlight: **Racing Vehicles Disc Brake Pads,
Ceramic Disc Brake Pads,
Front And Rear Disc Brake Pads**

Product Description

Product Description:

The Disc Brake Pad Set is a high-quality product designed for parking brake use in both the front and rear positions of your vehicle. With a silent chamfer design, these ceramic brake pads ensure smooth and noise-free operation, providing you with a comfortable driving experience.

Manufactured with precision and care, this Disc Brake Pad Set is part number ZK-06004, designed to fit standard-sized brake systems. The ceramic brake pad material offers superior performance compared to traditional brake pads, delivering excellent stopping power and durability.

When it comes to your vehicle's braking system, choosing the right components is crucial for safety and performance. The ceramic brake pad material used in this set provides several advantages, including reduced brake dust, longer pad life, and enhanced braking performance.

Whether you're driving in city traffic or cruising on the highway, having reliable brakes is essential for your safety and the safety of others on the road. With the Disc Brake Pad Set installed in your vehicle, you can have peace of mind knowing that your brakes are up to the task.

Investing in high-quality ceramic brake pads like the ones included in this set is a smart choice for any vehicle owner. Not only do these pads offer superior performance and durability, but they also contribute to a quieter and more comfortable driving experience.

Upgrade your vehicle's braking system with the Disc Brake Pad Set and enjoy the benefits of ceramic brake pad technology. With their silent chamfer design and factory number ZK-06004, these pads are the perfect choice for drivers who prioritize safety, reliability, and performance.

Features:

Product Name: Disc Brake Pad Set

Weight: 2.5 Pounds

Size: Standard

Wear Sensor Included: Yes

Type: Parking Brake

Product Weight: 2.5 Pounds

Technical Parameters:

Wear Sensor Included	Yes
Product Weight	2.5 Pounds
Warranty	1 Year
Product Dimensions	8.5 X 6.5 X 4.5 Inches
Factory No	ZK-06004
Heat Resistant	Yes
OEM	55110-70A00
Quantity	4 Pieces
Size	Standard

Applications:

The ZKZB Disc Brake Pad Set (Model ZK-81002) is a top-quality product originating from China. These ceramic brake pads are designed to provide exceptional performance and durability, making them suitable for a wide range of application occasions and scenarios.

With the inclusion of a wear sensor, these brake pads offer added safety and convenience by alerting you when it's time for a replacement. The ZKZB brake pads are specifically designed for parking brake systems, ensuring reliable and consistent performance in various situations.

One of the key features of these brake pads is their heat resistance, which allows them to maintain optimal performance even under high temperatures. This makes them ideal for demanding driving conditions and extended use.

Weighing only 2.5 pounds, the ZKZB Disc Brake Pad Set is lightweight yet sturdy, providing a balance of performance and efficiency. As OE replacements, these brake pads offer a perfect fit and compatibility with a wide range of vehicles, further enhancing their versatility. Whether you are driving in urban environments, tackling off-road adventures, or cruising on highways, the ZKZB ceramic brake pads deliver reliable stopping power and consistent performance. Their quality construction and advanced design make them one of the best brake pad brands available in the market.

Overall, the ZKZB Disc Brake Pad Set is a reliable and durable option for drivers looking for good ceramic brake pads that offer excellent performance in various driving conditions. Upgrade your braking system with the ZKZB brake pads and experience the difference in safety and efficiency.

Customization:

Customize your Disc Brake Pad Set with ZKZB for top-notch performance. Model Number: ZK-81002, crafted in China for superior quality. These brake pads are heat resistant, ideal for demanding conditions. Specifically designed for Parking Brake type, suitable for Front And Rear positions. OEM: 55110-70A00. Each set includes 4 pieces, ensuring you have an ample supply. Equip your vehicle with the best brake pad brand - ZKZB, known for exceptional ceramic brake pads. Enhance your braking system with this essential brake pad tool.
