Basic Information

- Brand Name: ZKZB
- Model Number: ZK-81002

Product Specification

- Warranty: 1 Year
- Quantity: 4 Pieces
- Dimensions: 8.5 X 5.5 X 2.5 Inches
- Factory No: ZK-06004
- Weight: 2.5 Pounds
- Type: Parking Brake
- Silent Design: Chamfer Design
- Oe Replacement: Yes
- Highlight: **2.5 Pounds Disc Brake Pad Set,
Heat Resistant Disc Brake Pad Set,
Front disc brake pads ceramic**

Product Description

Product Description:

The Disc Brake Pad Set is a high-quality product designed to provide reliable and efficient braking performance for your vehicle. With its standard size, this brake pad set is compatible with a wide range of vehicles, making it a versatile option for many car owners.

One of the key features of this Disc Brake Pad Set is the inclusion of a wear sensor, which is essential for monitoring the condition of the brake pads and ensuring timely replacement when needed. This wear sensor helps to prevent potential damage to the brake system and ensures optimal braking performance at all times.

Designed for both front and rear positions, this brake pad set offers comprehensive coverage for your vehicle's braking needs. Whether you need to replace the front or rear brake pads, this set has you covered, providing a convenient solution for a complete brake pad replacement.

As an OE replacement product, this Disc Brake Pad Set meets the high standards set by original equipment manufacturers. This means that you can trust in the quality and performance of these ceramic brake pads, ensuring a reliable and consistent braking experience for your vehicle.

Another notable feature of this brake pad set is its heat resistance, which is crucial for maintaining optimal braking performance under various driving conditions. The heat-resistant design of these ceramic brake pads helps to minimize brake fade and ensures consistent braking power, even in high-temperature environments.

Overall, the Disc Brake Pad Set is a top-quality product that offers a perfect balance of performance, durability, and reliability. With its standard size, wear sensor inclusion, front and rear compatibility, OE replacement quality, and heat-resistant design, this brake pad set is an excellent choice for car owners looking for reliable ceramic brake pads that deliver OEM-level performance.

Features:

Product Name: Disc Brake Pad Set

Product Dimensions: 8.5 X 6.5 X 4.5 Inches

Product Weight: 2.5 Pounds

Weight: 2.5 Pounds

Silent Design: Chamfer Design

Dimensions: 8.5 X 5.5 X 2.5 Inches

Technical Parameters:

OE Replacement	Yes
Warranty	1 Year
Quantity	4 Pieces
Position	Front And Rear
Weight	2.5 Pounds
Dimensions	8.5 X 5.5 X 2.5 Inches
Silent Design	Chamfer Design
Product Weight	2.5 Pounds
Size	Standard
Product Dimensions	8.5 X 6.5 X 4.5 Inches

Applications:

ZKZB disc brake pad set, model number ZK-81002, is a high-quality product designed for various application occasions and scenarios. Made in China, this disc brake pad set comes with dimensions of 8.5 x 5.5 x 2.5 inches, making it suitable for a wide range of vehicle types.

With OEM number 55110-70A00, these disc brake pads offer excellent performance and durability. The silent design with chamfer design ensures smooth and quiet braking, enhancing the overall driving experience.

Whether you are looking to replace worn-out brake pads or upgrade to a superior braking solution, ZKZB disc brake pad set is the ideal choice. As an OE replacement product, it guarantees a perfect fit and reliable performance.

These disc brake pads feature standard size and are crafted using the best brake pad material for optimal braking efficiency and safety.

ZKZB is known for being one of the best brake pad brands in the market, offering superior quality and performance.

Whether you are driving in urban traffic, on highways, or tackling challenging terrains, ZKZB disc brake pad set provides the reliability and performance you need. Its high-quality construction and design make it suitable for a wide range of driving conditions.

Customization:

Customize your ZKZB Disc Brake Pad Set with our product customization services. This set includes 4 pieces of ceramic brake pads designed for optimal performance. The ZK-81002 model is manufactured in China, ensuring quality and reliability. The pads feature a silent chamfer design for smooth braking and come in a standard size measuring 8.5 x 5.5 x 2.5 inches. With a product weight of 2.5

pounds, these are among the best ceramic brake pads available in the market.
Upgrade your brake system with the ZKZB Disc Brake Pad Set and experience superior braking performance. Don't forget to use the brake pad tool for easy installation and maintenance.
