

## Chamfer Heat Resistant Ceramic Disc Brake Long Lasting Performance

### Basic Information

- Brand Name: ZKZB
- Model Number: ZK-81002

### Product Specification

- Wear Sensor Included: Yes
- Heat Resistant: Yes
- Quantity: 4 Pieces
- Warranty: 1 Year
- Type: Parking Brake
- Oe Replacement: Yes
- Silent Design: Chamfer Design
- Position: Front And Rear
- Highlight: **Chamfer Ceramic Disc Brake ,  
Heat Resistant Ceramic Disc Brake,  
Long Lasting Performance Ceramic Disc Brake**

### Product Description:

The Disc Brake Pad Set is a crucial component for maintaining the optimal performance of your vehicle's braking system. This product comes in a Standard size, making it compatible with a wide range of vehicle makes and models. Whether you drive a compact car, SUV, or truck, these disc brake pads are designed to deliver reliable stopping power.

One of the key features of this Disc Brake Pad Set is the inclusion of a Wear Sensor. This feature provides an added layer of safety by alerting you when the brake pads are nearing the end of their lifespan. With the Wear Sensor included, you can have peace of mind knowing that you will be notified in advance to replace the brake pads, ensuring continued safety on the road.

Designed for both the Front and Rear positions, these disc brake pads offer comprehensive coverage for your vehicle's braking system. Whether you need to replace the front brake pads, rear brake pads, or both, this Disc Brake Pad Set has you covered. With consistent performance in both positions, you can maintain balanced braking across all wheels.

The dimensions of the Disc Brake Pad Set are 8.5 x 5.5 x 2.5 inches, providing a perfect fit for your vehicle's braking system. These dimensions have been carefully selected to ensure compatibility with a wide range of vehicles, offering a hassle-free installation process. With the right size, you can easily replace your old brake pads with these new ones, restoring your vehicle's braking performance.

When it comes to durability and reliability, this Disc Brake Pad Set stands out with its 1-year warranty. The manufacturer stands behind the quality of these brake pads, offering you a warranty that covers any defects or issues that may arise during the warranty period. With a 1-year warranty, you can drive with confidence knowing that your investment is protected.

Choosing the best brake pad material is essential for maintaining the safety and performance of your vehicle's braking system. These disc brake pads are crafted from high-quality materials that are designed to withstand the demands of everyday driving. The superior brake pad material ensures consistent braking performance, minimal noise, and reduced wear on your vehicle's rotors.

In conclusion, the Disc Brake Pad Set offers a reliable and high-performance solution for your vehicle's braking needs. With its standard size, wear sensor inclusion, front and rear compatibility, optimal dimensions, and a 1-year warranty, these disc brake pads provide a complete package for your braking system. Upgrade to these disc brake pads today and experience enhanced safety and performance on the road.

### Features:

- Product Name: Disc Brake Pad Set
- Size: Standard
- Product Weight: 2.5 Pounds
- Position: Front And Rear
- OEM: 55110-70A00
- Quantity: 4 Pieces

### Technical Parameters:

Quantity	4 Pieces
Factory No	ZK-06004
Weight	2.5 Pounds
Position	Front And Rear
Product Dimensions	8.5 X 6.5 X 4.5 Inches
Size	Standard
Oem	55110-70A00
Warranty	1 Year
Heat Resistant	Yes
Type	Parking Brake

### Applications:

ZKZB Disc Brake Pad Set (Model Number: ZK-81002) is a top-quality product designed for various applications where reliable braking performance is essential. Manufactured in China, these brake pads are known for their exceptional quality and durability. These brake pads come with a wear sensor included, ensuring timely replacement when needed. With a quantity of 4 pieces in each set, they are suitable for both front and rear positions, providing comprehensive coverage for your vehicle's braking system.

The ZKZB Disc Brake Pad Set (OEM: 55110-70A00) is specifically designed for use as parking brake pads, offering excellent performance in this application. The use of ceramic material in these brake pads makes them one of the best ceramic brake pads available in the market.

Whether you are driving in urban areas with frequent stop-and-go traffic or tackling challenging terrain that demands reliable braking power, these ceramic brake pads deliver consistent performance and durability. The ceramic material used in these pads is known for its excellent heat dissipation properties and resistance to brake fade, ensuring reliable braking even under extreme conditions.

With the ZKZB Disc Brake Pad Set, you can experience smooth and responsive braking, providing you with confidence and control while driving. These brake pads offer a perfect balance of performance, longevity, and reliability, making them an ideal choice for drivers who prioritize safety and performance.

Upgrade your vehicle's braking system with the ZKZB Disc Brake Pad Set and enjoy the benefits of using the best brake pad material available. Whether you are a daily commuter or a performance enthusiast, these ceramic brake pads are designed to meet your braking needs effectively.
