Basic Information

- Brand Name: ZKZB
- Model Number: ZK-81002

Product Specification

- Weight: 2.5 Pounds
- Product Dimensions: 8.5 X 6.5 X 4.5 Inches
- Factory No: ZK-06004
- Quantity: 4 Pieces
- Oe Replacement: Yes
- Position: Front And Rear
- Oem: 55110-70A00
- Wear Sensor Included: Yes
- Highlight: Long Lasting Ceramic Disc Brake Pad ,
Precise Ceramic Disc Brake Pad ,
Front Rear Ceramic Disc Brake Pad

Product Description

Product Description:

The Disc Brake Pad Set is a top-notch product that stands out in the market due to its exceptional quality and performance. This set of OEM brake pads is designed to provide reliable and efficient braking power, making it the ideal choice for all types of vehicles.

One of the key features of this product is the inclusion of a wear sensor, ensuring that you are always aware of the pad's condition and can replace them in a timely manner. This proactive approach to maintenance helps extend the lifespan of your brake system and ensures optimal safety on the road.

Weighing at 2.5 pounds, this brake pad set offers a perfect balance of durability and functionality. The lightweight design contributes to improved handling and responsiveness, giving you a smooth and controlled braking experience every time.

With a quantity of 4 pieces in the set, you have an ample supply to replace all the brake pads on your vehicle. This ensures uniform wear and consistent performance across all wheels, enhancing the overall efficiency of your braking system.

The dimensions of the Disc Brake Pad Set are 8.5 x 5.5 x 2.5 inches, making it a versatile option that fits a wide range of vehicle models.

Whether you drive a compact car or a larger SUV, these brake pads are compatible and easy to install, saving you time and hassle during maintenance.

Backed by a 1-year warranty, this product offers peace of mind and assurance of quality. The manufacturer stands by the durability and reliability of these brake pads, ensuring that you can drive with confidence knowing that your braking system is well-protected.

When it comes to choosing the best brake pad brand, this Disc Brake Pad Set undoubtedly stands out as a top contender. Known for their superior quality and performance, these brake pads are trusted by drivers worldwide to deliver consistent and reliable braking power in all driving conditions.

Constructed from the best brake pad material available, these OEM brake pads are designed to meet and exceed industry standards. The advanced composition of the brake pad material ensures optimal friction and heat dissipation, resulting in smooth and efficient braking performance every time you hit the road.

Applications:

ZKZB Disc Brake Pad Set (Model: ZK-81002) is a high-quality product designed for various application occasions and scenarios. Made in China, this brake pad set offers exceptional performance and durability, making it suitable for a wide range of vehicles.

With dimensions of 8.5 x 5.5 x 2.5 inches and a quantity of 4 pieces per set, the ZKZB Disc Brake Pad Set is a reliable option for those looking for the best ceramic brake pads. The ceramic material used in these pads ensures excellent braking performance, minimizing noise and extending the lifespan of the pads.

The silent design of these brake pads, featuring a chamfer design, enhances the overall driving experience by reducing noise and vibration. Whether you are driving in urban areas or on highways, these brake pads provide smooth and quiet braking performance.

Weighing 2.5 pounds, the ZKZB Disc Brake Pad Set is lightweight yet sturdy, offering a perfect balance of performance and durability.

These pads are ideal for everyday driving as well as more demanding conditions, making them a good choice for various driving scenarios.

Backed by a 1-year warranty, customers can have peace of mind knowing that the ZKZB Disc Brake Pad Set is a reliable and long-lasting product. Whether you are looking for OEM brake pads or simply want to upgrade to a superior braking solution, this brake pad set is a versatile option that delivers on performance and quality.

Customization:

Customize your disc brake pad set with the best ceramic brake pads from ZKZB. Model Number: ZK-81002. Originating from China, these OE replacement pads are designed for both front and rear positions. This set includes 4 pieces of heat-resistant and silent design pads featuring chamfer design for optimal performance. Upgrade to ZKZB ceramic brake pad technology for a smooth and reliable braking experience.
