Product Specification

- Noise Reduction: Yes
- Country Of Origin: Japan
- Weight: 2.5 Pounds
- Fmsi: D1293/D1222
- Material: Ceramic
- Dimensions: 5.5 X 5.5 X 2 Inches
- Warranty: 1 Year
- Quantity: 4 Pieces
- Highlight: **Fmsi Toyota Disc Brake Pad Set ,
Rear Toyota Disc Brake Pad Set**

Product Description

Product Description:

This rear brake pad set is made from ceramic material, which is known for its durability and long-lasting performance. Ceramic brake pads are a popular choice among drivers due to their excellent stopping power, low noise levels, and minimal dust production.

One of the key features of this brake pad set is the included wear sensor. This sensor is designed to alert you when the brake pads are reaching the end of their lifespan, ensuring that you can replace them in a timely manner and maintain optimal braking performance.

The Toyota Brake Pad Set is designed to meet the highest standards of quality and reliability. It is compatible with a range of Toyota models and is a perfect fit for vehicles that require rear brake pads. The interchange part numbers for this brake pad set are 04465-35290, D1210, and ACT1210.

Originating from Japan, this brake pad set is manufactured with precision and attention to detail. Japanese automotive products are known for their superior quality and reliability, making this brake pad set a trustworthy choice for your Toyota vehicle.

With dimensions of 5.5 x 5.5 x 2 inches, these brake pads are designed to fit your vehicle perfectly and provide reliable braking performance. Properly functioning brake pads are essential for ensuring the safety of you and your passengers on the road, making it important to choose good brake pads like the Toyota Brake Pad Set.

Investing in high-quality brake pads like the Toyota Brake Pad Set is essential for maintaining the performance and safety of your vehicle.

With its ceramic material, wear sensor, interchange part numbers, Japanese origin, and precise dimensions, this brake pad set is a reliable choice for drivers who prioritize safety and quality.

Features:

Product Name: Toyota Brake Pad Set

Material: Ceramic

Dimensions: 5.5 X 5.5 X 2 Inches

Quantity: 4 Pieces

Fmsi: D1293/D1222

Technical Parameters:

Weight	2.5 Pounds
Heat Resistance	Yes
Quantity	4 Pieces
Warranty	1 Year
Material	Ceramic
Country Of Origin	Japan
Compatibility	Toyota Vehicles
Fmsi	D1293/D1222
Package Content	Brake Pads, Shims, And Hardware
Braking System	N

Applications:

ZKZB Brake Pad Set, Model Number 201562, is a high-quality product designed for Toyota vehicles, providing reliable and efficient braking performance. Made in China, this brake pad set features dimensions of 5.5 x 5.5 x 2 inches, suitable for various Toyota models. These brake pads are specifically designed for Toyota vehicles, offering a perfect fit and excellent braking capabilities. The FMSI numbers D1293 and D1222 ensure compatibility and optimal performance. The set includes 4 pieces of brake pads, providing a complete solution for your vehicle's braking system.

With interchange part numbers such as 04465-35290, D1210, and ACT1210, these brake pads are versatile and can be used in a wide range of Toyota models. The heat resistance feature of these brake pads ensures stability and consistent performance even under high temperatures, making them ideal for various driving conditions.

The ZKZB Brake Pad Set is suitable for various product application occasions and scenarios related to brake pads for Toyota vehicles. Whether it is for routine maintenance, brake system upgrades, or replacement of worn-out brake pads, this set offers a reliable and durable solution.

Whether you are a car enthusiast looking to enhance your Toyota's braking performance or a professional mechanic in need of quality brake pads for Toyota vehicles, the ZKZB Brake Pad Set is an excellent choice. Its high-quality construction, precise fit, and heat resistance make it a dependable option for various Toyota models.
