Basic Information

- Brand Name: ZKZB
- Model Number: ZK-01002

Product Specification

- Easy To Install: Yes
- Product Dimensions: 8.5 X 6.5 X 0.7 Inches
- Shims Included: Yes
- Position: Front
- Wear Sensor Included: Yes
- Heat Resistant: Yes
- Oe Replacement: Yes
- Installation Method: Clip-on

Product Description:

The Disc Brake Pad Set is a top-quality product designed to ensure maximum safety and performance for your vehicle. With its easy installation process, this brake pad set is perfect for both professional mechanics and DIY enthusiasts. Whether you're a seasoned car enthusiast or a first-time brake pad installer, you'll find the installation of these pads to be a breeze.

One of the key features of this Disc Brake Pad Set is the inclusion of a wear sensor, which alerts you when it's time to replace the brake pads. This added safety feature ensures that you'll always know when your brake pads need attention, helping you avoid potential brake failure and accidents on the road.

These ceramic brake pads are known for their exceptional performance and durability. Ceramic brake pads are considered to be the best brake pad material for a number of reasons. They offer superior stopping power, reduced noise, and minimal dusting compared to traditional brake pad materials. With these ceramic brake pads, you can enjoy a smooth and quiet braking experience every time you hit the road.

The thickness of these brake pads is 0.5 inches, making them ideal for a wide range of vehicles. Whether you drive a compact car, SUV, or truck, these brake pads will provide reliable and consistent braking performance.

When it comes to installation, these brake pads feature a clip-on method, making it easy to secure them in place without the need for specialized tools. This installation method ensures a quick and hassle-free process, allowing you to get back on the road in no time. Additionally, this Disc Brake Pad Set comes with shims included, further enhancing the performance and longevity of the brake pads. Shims help reduce noise and vibration, providing a smoother and more comfortable driving experience.

In conclusion, the Disc Brake Pad Set is a must-have addition to your vehicle's braking system. With its easy installation, wear sensor, ceramic brake pad material, optimal thickness, clip-on installation method, and included shims, this brake pad set offers unbeatable performance and safety on the road. Upgrade your vehicle's braking system today with this high-quality Disc Brake Pad Set!

Features:

Product Name: Disc Brake Pad Set

Installation Method: Clip-on
