Basic Information

- Brand Name: ZKZB
- Model Number: ZK-01002

Product Specification

- Installation Method: Clip-on
- Wear Sensor Included: Yes
- Easy To Install: Yes
- Product Type: Brake Pad
- Position: Front
- Shims Included: Yes
- Dimensions: 5 X 5 X 5 Inches
- Warranty: 1 Year

Product Description

Product Description:

The Disc Brake Pad Set is a top-quality product designed for optimal performance and durability. With its OE replacement feature, this brake pad set is guaranteed to meet the highest standards of quality and reliability. The product dimensions of 8.5 x 6.5 x 0.7 inches ensure a perfect fit for your vehicle, providing excellent stopping power and safety on the road.

This package includes 1 set of brake pads, consisting of 4 pieces in total. This quantity ensures that you have all the necessary components to replace the brake pads on both the front and rear wheels of your vehicle. The easy installation process of these brake pads makes it convenient for both professional mechanics and DIY enthusiasts to replace old or worn-out brake pads with ease.

When it comes to performance and longevity, these brake pads are among the best ceramic brake pads available in the market. The ceramic material used in these brake pads provides superior braking power, reduced noise, and enhanced durability compared to traditional brake pads. As a result, you can enjoy a smooth and quiet braking experience while ensuring the safety of you and your passengers.

As the best brake pad brand, this Disc Brake Pad Set is engineered to deliver consistent and reliable performance in various driving conditions. Whether you are driving in stop-and-go city traffic or cruising on the highway, these brake pads offer excellent responsiveness and fade resistance, allowing you to brake confidently and smoothly whenever needed.

With the placement on the front and rear of the vehicle, these brake pads ensure balanced braking performance across all wheels, promoting stability and control during sudden stops or emergency maneuvers. By choosing this Disc Brake Pad Set, you are investing in your vehicle's safety and performance, as well as enjoying the peace of mind that comes with using top-quality brake pads.

Warranty	1 Year
Oe Replacement	Yes

Applications:

ZKZB Disc Brake Pad Set (Model Number: ZK-01002) is a high-quality product that originates from China. With its heat-resistant feature, these brake pads are designed to deliver reliable performance even under extreme conditions.

Each package contains 1 set of brake pads, consisting of 4 pieces in total. The thickness of these ceramic brake pads is 0.5 inches, ensuring durability and longevity.

ZKZB Disc Brake Pad Set is specifically designed for the front position, making it ideal for vehicles where front brake pads require replacement. The easy installation process of these brake pads eliminates the need for specialized tools or professional assistance. However, for those who prefer using a brake pad tool, it can also be easily utilized with this product.

The application occasions for ZKZB Disc Brake Pad Set are versatile. Whether you are a DIY enthusiast working on your own vehicle maintenance or a professional mechanic servicing multiple cars daily, these brake pads will meet your needs effectively. Their compatibility with a wide range of vehicle models makes them a reliable choice for various scenarios.

The heat-resistant nature of these brake pads makes them suitable for high-performance vehicles, heavy-duty trucks, or everyday commuter cars. Whether you are driving in city traffic or tackling challenging terrains, ZKZB Disc Brake Pad Set will provide consistent braking performance and reliability.

In conclusion, ZKZB Disc Brake Pad Set is a top-notch product that combines quality, durability, and ease of installation. Whether you are looking for good ceramic brake pads for your vehicle maintenance needs or require a reliable brake pad tool, ZKZB has got you covered.
