Basic Information

- Brand Name: ZKZB
- Model Number: ZK-01003

Product Specification

- Braking System: SUM
- Product Type: Automotive Replacement Brake Pads
- Warranty: 1 Year
- Oem: 12510016
- Manufacturer Part Number: Herito-001
- Shims Included: Yes
- Slotted: Yes
- Dimensions: 8.5 X 5.5 X 0.7 Inches

Product Description:

One of the standout features of these disc brake pads is their slotted design, which provides efficient heat and gas dissipation, ensuring consistent braking performance even under extreme conditions. The slotted configuration also helps prevent brake fade and ensures a smooth and quiet braking experience, making these pads ideal for both daily driving and high-performance applications. Equipped with factory number ZK-15001, these brake pads are precision-engineered to meet the highest standards of quality and performance. The factory number serves as a mark of authenticity and ensures that you are getting genuine, reliable brake pads that are designed to fit your vehicle perfectly.

When it comes to durability and peace of mind, our Disc Brake Pad Set comes with a generous 1-year warranty, providing you with added protection and assurance against any potential defects or issues. With this warranty in place, you can drive with confidence knowing that your braking system is backed by reliable coverage.

The part number Herito-001 uniquely identifies these ceramic brake pads, making it easy for you to reference and order the correct product for your vehicle. This part number is a testament to the quality and precision engineering that goes into the manufacturing of these brake pads, ensuring a seamless fit and optimal performance.

Speaking of material, ceramic is widely regarded as one of the best brake pad materials available on the market today. Known for its excellent heat resistance, low noise, and minimal dust generation, ceramic brake pads offer superior braking performance and longevity compared to traditional organic or semi-metallic pads.

Our Disc Brake Pad Set takes full advantage of the benefits of ceramic material, providing you with the best ceramic brake pads for your vehicle. Whether you are looking to upgrade your braking system for improved performance or simply need reliable replacement pads, these ceramic brake pads are sure to exceed your expectations.

In conclusion, our Disc Brake Pad Set offers a winning combination of slotted design, premium ceramic material, factory number ZK-15001, 1-year warranty, and part number Herito-001, making it the ideal choice for drivers who demand the best in quality, performance, and reliability. Upgrade to the best brake pad material available and experience the superior braking power and confidence that our ceramic brake pads provide.

Features:

Product Name: Disc Brake Pad Set -----

Factory No: ZK-15001

Part Number: Herito-001

Manufacturer Part Number: Herito-001

Product Weight: 2.5 Pounds

Shims Included: Yes

Material: Ceramic brake pads

Brand: Best brake pad brand

Type: Disc brake pads

Technical Parameters:

Factory No -----	ZK-15001 -----
Material	Ceramic
Shims Included	Yes
Braking System	SUM
Dimensions	8.5 X 5.5 X 0.7 Inches
Part Number	Herito-001
Slotted	Yes
Hardware Included	Yes
Oem	12510016
Product Weight	2.5 Pounds

Applications:

ZKZB Disc Brake Pad Set (Model: ZK-01003) is a high-quality automotive product designed for various application occasions and scenarios. Made in China, this product (Product Code: DBPS) is manufactured by Herito under the manufacturer part number Herito-001. These disc brake pads are known for their exceptional performance and durability, making them suitable for a wide range of vehicles and driving conditions. The inclusion of slotted design ensures efficient heat dissipation and reduces brake fade during heavy braking, enhancing overall braking performance.

One of the key features of ZKZB Disc Brake Pad Set is the use of the best brake pad material available in the market. The advanced material formulation provides excellent braking power, noise reduction, and long-lasting performance. Additionally, the inclusion of shims further enhances noise reduction and vibration dampening, resulting in a smooth and quiet braking experience.

These disc brake pads are ideal for various scenarios, including daily commuting, city driving, highway cruising, and even performance driving. Whether you are looking for reliable brake pads for your everyday vehicle or seeking enhanced braking performance for spirited

driving, ZKZB Disc Brake Pad Set is a versatile choice that delivers consistent results. For drivers who prioritize safety, performance, and longevity, ZKZB Disc Brake Pad Set offers a reliable solution that meets and exceeds expectations. With its superior quality, precise fitment, and proven durability, this product ensures peace of mind and confidence behind the wheel in any driving situation.
